TMS #038-00-01-005, a non-addressed parcel with the closest address of 112 Francis Falls Drive, Salem, SC 29676.**

**Applicant's opening statement and provision of evidence:** Kay and Brooks Wade presented their application, providing details of the mission of their business, popularity of Devil's Fork State Park and the commercial enterprises that create parking challenges, the history of the 2018 Board Order, changes by the Park Service's parking regulations, safety concerns, and their plan to address the issues and concerns.

**Board questions:** Mr. and Mrs. Wade answered questions from the board:

- Confirmed the Wade's existing parking lot is grass
- Addressed drainage concerns of rainwater runoff and erosion
- Spoke to how other commercial businesses at the park handle their parking
- Clarified the details, specifically the days of the week and months of the year, of the request

**Staff comments:**

- Mr. Coley stated that this request does not affect the previous Board Order and confirmed that this is a commercial project inside the Jocassee Lake Overlay requiring a special exception.

**Public comment:**

- Sherrie Cobb, citizen – expressed her opposition to the special exception request. She stated that the Wades began operating outside of the special exception they were granted in 2018 when the Park Service changed the parking rules and is worried that if granted the current special exception, they will not abide by the parameters. She believes that they are before the Board now only because of her persistence. Ms. Cobb presented pictures in support of her claim that Jocassee Lake Tour customers are damaging her property which is adjacent to the parking lot. Mr. Codner asked if the special exception was followed to the letter of the law, would Ms. Cobb still have issue. Ms. Cobb said she would, as the nuisance and evasion of privacy has become too much.
- Debbie Sewell, citizen – expressed her opposition to the special exception request. Ms. Sewell reminded the Board that the subject property is in the Lake Overlay which was created to protect against this type of issue. She stated that if the special exception is approved it should come with the conditions of strict compliance to the order and an installation of screening to conceal the parking lot.

- Ken Sloan, President / CEO, Visit Oconee Tourism Board – expressed his support of the special exception request. He spoke to the popularity of Devil’s Fork State Park, the issues of parking, and the value of Lake Jocassee Tours to the stewardship of Lake Jocassee.

**Applicant rebuttal:** The Wades addressed the issues identified during public comment, including boat trailers in the lot, people wandering around in the lot, cars being in the lot past 5:30 PM, the smell from porta-potties, individuals sleeping in the parking lot, and the proposed screening. When asked by the Board, Ms. Wade clarified their business hours. Ms. Cobb added that the Wades also offer moonlight tours and private tours that do not fall within the stated hours. With regards to the living screen, Ms. Cobb added that the Wades have asked her to supply the water for the plantings. Ms. Wade addressed Ms. Cobb’s statements. When pressed by the Board, Ms. Wade stated that the hours for the parking lot would be 7:00 AM to 6:30 PM. Mr. Coley answered questions regarding the enforcement of the special exception if approved.

Mr. Codner read an email in opposition of the special exception from citizen Joe Beckert. Mr. Codner also stated the Board received a large number of emails in support of the special exception, noting that they were uniformly from people outside Oconee County. The Wades disagreed with that labeling, stating that many were from Oconee.

**Board discussion:** There was a discussion among Board members that included, but was not limited to, the intent of the Lake Overlay, the concern expressed by the adjoining property owners, the need for conditions be placed on the exception regarding the hours of operation and need to establish a buffer/screen, the negative impact on the eco-system at Lake Jocassee and the Board’s responsibility to protect the lake through the Overlay designation, use of porta-potties, the fact that the exception is being requested for the possibility of a future need, and the option of working with other businesses on sharing parking space and/or shuttle services.

Re: 8233 Rochester Hwy, Salem, SC (BE142443) – Zoning Application

Dear Ms. Parker:

It is our understanding that you will be applying to the Oconee County Board of Appeals to change the use of the subject building to a Veterinary Hospital. Wells Fargo authorizes you to submit the application to change the use for a Veterinary Hospital. In addition, the sale agreement provides that the existing drive-up ATM will remain on the last island of the drive-up lanes pursuant to a new lease to be executed by you and Wells Fargo. Obtaining the Special Exception to zoning for the Veterinary Hospital use and the Special Exception for the drive-up ATM to remain are contingencies of our Agreement of Sale.

Thank you for your time and consideration in this regard.

Sincerely,  
Wells Fargo Bank, N.A.
