GENERAL
INFORMATION
&

FORM

What is the Oconee County Conservation Bank?

The Oconee County Conservation Bank was established to protect lands with significant natural, cultural and/or historic resources in the county that meet specific criteria by providing a financial incentive to willing landowners to convey either a conservation easement or fee simple title to eligible Recipients. The Conservation Bank program will simultaneously protect valuable natural resources and private property rights.

Conservation of our natural and historical resources is imperative if we are to continue to be a special place. With the possibility of dramatic changes in our landscape, we need to identify our rich natural and cultural heritage to be left to future generations.

Why we need your help

Many citizens want to conserve their land for future generations, however, in order to place their property in a conservation easement they face expenses that sometimes prohibit them from pursuing conservation. Your donation will allow the Conservation Bank to award grants to interested land owners to help offset some of their costs and protect their property.

How Can You Help?

Every citizen and visitor to Oconee County can help to protect what makes this a beautiful place to live, work and visit. Your donation will be put toward the conservation of valuable land that houses indigenous wildlife, natural flora and fauna and breathtaking vista. Saving the family farms in the County will ensure that our strong farming heritage will be protected for generations to come.

Know that you are making a difference in not only your life, the lives of your children and grandchildren but for generations to come by making a donation to the Oconee County Conservation Bank.
