Oconee Conservation Bank Board

We are applying for funding to help meet the costs associated with an easement we have pending with the South Carolina Conservation Bank and USDA Natural Resource Conservation Service Agricultural Conservation Easement Program. The original agreement included two land owners. One of the landowners after much tribulation could not come through the final vetting process. This left us to approach both above entities asking to continue the process for the remaining landowner, Mr. Jerry Powell. The delays from awaiting the final decision on the other land owner have caused us to be pushed beyond our original date of closing. Mr. Powell was originally told he would not have to have a new survey to complete this process. After the delays and the decision to allow him to proceed NRCS now says they need a new survey. Mr. Powell has been patient and extremely gracious in this process. We are asking for funding of seven thousand five hundred dollars to appropriate a survey for Mr. Powell so that we may complete this agreement by August. I have personally talked with Glen Hart who has surveyed easement properties with us before and he is willing to complete this as soon as I give him the word. The payment may not be quite that much but the NRCS requires certain expectations which include shape files, signage on the property and other requirements not associated with a regular survey. I would like to ask that you approve this funding amount above and allow me to come back to you with the final amount when the survey is done with the exact amount charged, which I am hopeful will be under the above figure. We need to close this easement soon as the South Carolina Conservation Bank has also been gracious in allowing us to continue to hold our funding until we got the situation settled and also allowed us to fund the Jerry Powell easement on a stand alone basis after the other landowner could not complete his due diligence. Your help with this matter is greatly appreciated.

Sincerely,

Eddie Martin

Oconee County Conservation Bank PROPERTY OWNER STATEMENT OF INTEREST

Know What to Expect

What you need to know before you begin the process of having your property considered by the Oconee County Conservation Bank Board [OCCB]:

The Application will require the following to be provided by the property owner at their expense:

- An appraisal of the property
- May require surveys and additional professional work which the landowner is solely responsible to secure.
- The landowner will be required to sign that you understand that you are solely responsible for the costs of securing any work required to complete the application and that the OCCB is not responsible for such costs. [While each applicant may apply for a grant to cover, in whole or in part, the costs of such required work, the OCCB is under no obligation to approve any application.]

If the OCCB requires additional information it may include but is not limited to the following items:

- Detailed information about their property including deed and tax map references.
- Detailed information about their properties value which will require a detailed appraisal.
- May require and updated survey.
- Coordination with a non-profit managed to conserve land and similar resources or other eligible entity as described in the Oconee County ordinance creating the OCCB.
- Maps, photos and other documentation to support the conservation values of the land.

ANY APPLICATION WILL REPRESENT A BINDING PROPOSAL. ANY APPROVAL, CONDITIONAL OR FINAL, IS CONTINGENT UPON THE LANDOWNER'S FULFILLMENT OF ANY AND ALL PLEDGES AND PROPOSALS AS PRESENTED IN THE APPLICATION.

Oconee County Conservation Bank PROPERTY OWNER STATEMENT OF INTEREST PROCESS FORM

1. Landowner and their OCCB eligible “partner” (*e.g., a non-profit managed to hold conservation lands, government body or other eligible entity*) present a signed “Statement of Interest” form to the OCCB.

Landowner will be notified if their property is eligible and to submit a full application to the OCCB. [NOTE: Any such determination of eligibility to apply does not represent approval of the project.]

2. Landowner and their OCCB eligible “partner” submit full application with substantiation to the OCCB for review.

OCCB contacts landowner to

- (i) request additional information,
- (ii) decline the application, or
- (iii) schedule a site visit. [NOTE: the scheduling of a site visit does not represent approval of any project.]

3. Landowner provides additional requested information, if necessary.

OCCB contacts landowner to

- (i) decline the application, or
- (ii) schedule a site visit. [NOTE: the scheduling of a site visit does not represent approval of any project.]

4. OCCB representatives or agents make scheduled site visits to each property in the application cycle deemed appropriate for a site visit. [NOTE: the scheduling of a site visit does not represent approval of any project.]

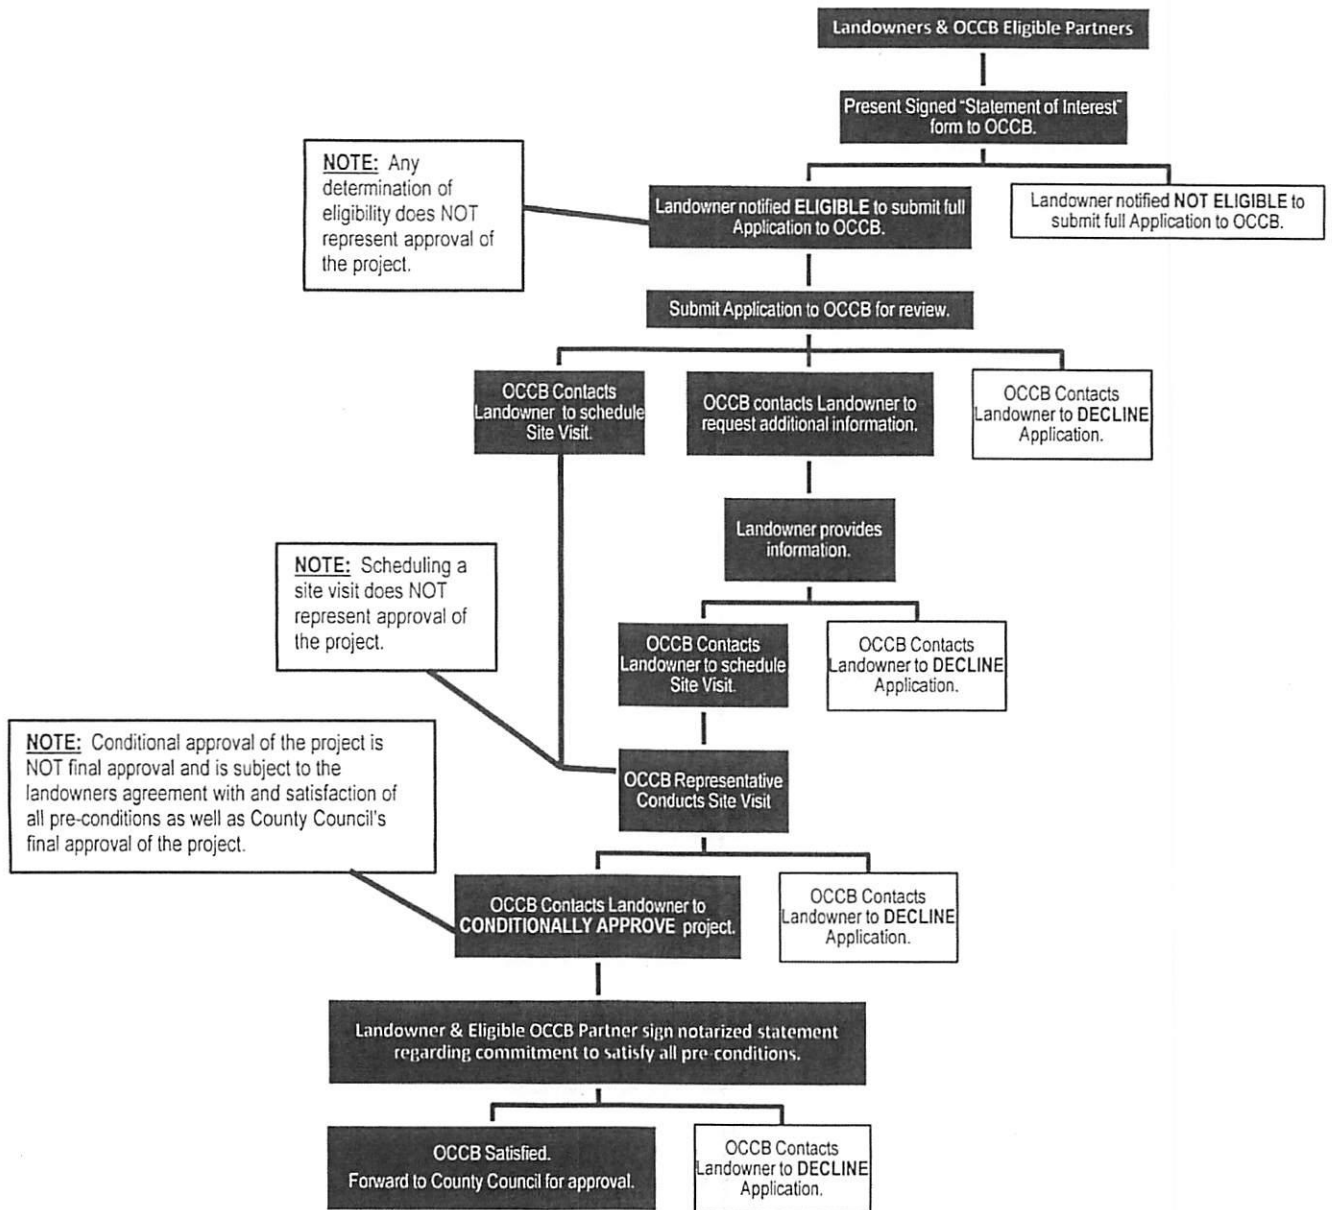

After the site visits are completed, OCCB contacts the landowner to

- (i) decline the application, or
- (ii) conditionally approve the project. [NOTE: Conditional approval is not final approval and is subject to the landowner’s agreement with and satisfaction of all pre-conditions as well as County Council’s final approval of the project.]

5. For each conditionally approved project, the landowner and their eligible OCCB must sign a notarized statement stating their commitment to satisfy all pre-conditions and must prove to the OCCB’s satisfaction that all pre-conditions have been met.

Upon receiving such commitment and satisfaction, the OCCB will prepare any such properties for presentation to the Oconee County Council.

NOTE: Only Oconee County Council can finally approve any project and no project shall be considered approved or final until such final approval is granted. The landowner and eligible OCCB partner remain fully responsible for all expenses and costs associated with application to and interaction with the OCCB throughout the application process. The landowner and eligible OCCB partner will only be reimbursed for those expenses and costs associated with application to and interaction with the OCCB if such reimbursement is sought in the grant application and finally approved by the OCCB and Oconee County Council.

Re: Letter of Transmittal—OSWCD/FRPP Conservation Easement Appraisal, 104.79 +/- acres of farmland and improvements north of Fair Play, Property of Jerry M. and Janie P. Powell, Oconee County, SC.

At your request, I have prepared an appraisal report on land upon which a OSWCD/USDA NRCS Farm and Ranchland Protection Program conservation easement is to be placed. The subject property includes 104.7 +/- acres, 94.9 of which will be subject to the easement. The effective date of the appraisal is February 10, 2016, the date of the property inspection. The objective of this appraisal was to estimate the value of the subject land before and after the easement. The easement value is the difference between these two values.

I estimate the values to be:

Value before the Easement:	\$620,000
- <u>Value After the Easement:</u>	\$420,000
= Value of Easement:	\$200,000

The appraisal is based on the area delineated by the plats, aerial photographs, deeds, tax maps, and timber maps supplied by the client, which are included as part of the report. This appraisal has been conducted in accordance with the Uniform Appraisal Standards for Federal Land Acquisitions (UASFLA—Yellow Book). The appraisal procedures and scope of the appraisal are explained in detail in the body of the report.

I appreciate your business. If there are questions, please do not hesitate to call.

Sincerely,
HOLSTEIN APPRAISALS
