

## LIMITED IN-PERSON ATTENDANCE PERMITTED

Due to the Novel Coronavirus pandemic and the ongoing state of emergency, in-person attendance at this Council meeting by members of the general public will be limited. Attendance will be limited to twenty percent of the stated maximum occupancy, which equates to thirty-four (34) persons (including Council members, other elected officials, and staff). Attendees will be required to sit in designated seats, appropriately spaced. In-person attendance will be allowed on a "first-come" basis.

Additionally, to ensure the meeting otherwise remains open to the public, we will continue to broadcast it live on the County's YouTube channel, which can be found via the County's website at [Oconeesc.com](http://Oconeesc.com). Further, the public may call in and listen by dialing **888-475-4499 OR 877-853-5257** and entering meeting ID # **845 4276 5667**. And, individuals parked in close proximity to Council Chambers may listen to the meeting on FM 92.3.

## OCONEE CODE OF ORDINANCES

### Sec. 2-61. - Access to and conduct at county meetings, facilities and property.

(a) *Purpose.* The county council has determined that it is necessary to regulate access to county facilities, grounds and property in order to ensure the safety and security of the public who visit these areas or the county employees who serve them. The conduct of persons who visit county facilities and/or who have contact with county employees must also be regulated to preserve public order, peace and safety. The regulation of access and conduct must be balanced with the right of the public to have reasonable access to public facilities and to receive friendly, professional service from county employees. These regulations apply to all county facilities and meetings, as defined below, for and over which county council exercises control and regulation, and to the extent, only, not preempted by state or federal law.

(b) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

*Facility* means any building, structure, or real property owned, leased, rented, operated or occupied by the county or one of its departments, offices or agencies.

*Meeting* means any assemblage of persons for the purpose of conducting county governmental business, operations or functions or any assemblage of persons within a county governmental facility. The term "meeting" includes, but is not limited to, county council meetings, county board and committee and staff meetings, trials, hearings and other proceedings conducted in the courts of general sessions and common pleas, family court, master-in-equity, probate court and magistrate's court; and other meetings by entities duly authorized by the county council.

(c) *Prohibited acts.* It shall be unlawful for any person to:

- (1) Utter loud, obscene, profane, threatening, disruptive or abusive language or to engage in any disorderly or disruptive conduct that impedes, disrupts or disturbs the orderly proceedings of any meeting, or operations of any department or function of the county government, including, without limitation, speaking when not explicitly recognized and authorized to do so by the presiding official in such meeting.
- (2) Bring, carry, or otherwise introduce any firearm, knife with blade longer than two inches or other dangerous weapon, concealed or not concealed, into any facility or meeting. This prohibition does not apply to law enforcement personnel or any other person whose official, governmental duties require them to carry such firearm, knife, or other weapon.
- (3) Engage in partisan political activity, including speech, in any meeting not authorized and called for the purpose of partisan political activity and explicitly authorized for such purpose in the facility in which such activity is to be conducted, or refusing to cease such activity when the presiding official of the meeting in question has ruled that the activity in question is partisan political activity and has directed that such activity stop.
- (4) Interfere with, impede, hinder or obstruct any county governmental official or employee in the performance of his duties, whether or not on county government property.
- (5) Enter any area of a county government facility, grounds or property when such entry is prohibited by signs, or obstructed or enclosed by gates, fencing or other physical barriers. Such areas include rooms if clearly marked with signs to prohibit unauthorized entry.
- (6) Enter by vehicle any area of a county governmental facility, grounds or property when such area is prohibited by signs or markings or are obstructed by physical barriers; or park a vehicle in such restricted areas; or park in a manner to block, partially block or impede the passage of traffic in driveways; or park within 15 feet of a fire hydrant or in a fire zone; or park in any area not designated as a parking space; or park in a handicapped parking space without proper placarding or license plate; or park in a reserved parking space without authorization.

- (7) Use any county governmental facility, grounds or other property for any purpose not authorized by law or expressly permitted by officials responsible for the premises.
  - (8) Enter without authorization or permission or refuse to leave any county governmental facility, grounds or other property after hours of operation.
  - (9) Obstruct or impede passage within a building, grounds or other property of any county governmental facility.
  - (10) Enter, without legal cause or good excuse, a county governmental facility, grounds or property after having been warned not to do so; or, having entered such property, fail and refuse without legal cause or good excuse to leave immediately upon being ordered or requested to do so by an official, employee, agent or representative responsible for premises.
  - (11) Damage, deface, injure or attempt to damage, deface or injure a county governmental property, whether real property or otherwise.
  - (12) Enter or attempt to enter any restricted or nonpublic ingress point or any restricted access area, or bypass or attempt to bypass the designated public entrance or security checkpoint of a facility without authorization or permission.
  - (13) Perform any act which circumvents, disables or interferes with or attempts to circumvent, disable or interfere with a facility's security system, alarm system, camera system, door lock or other intrusion prevention or detection device. This includes, without limitation, opening, blocking open, or otherwise disabling an alarmed or locked door or other opening that would allow the entry of an unauthorized person into a facility or restricted access area of the facility.
  - (14) Exit or attempt to exit a facility through an unauthorized egress point or alarmed door.
- (d) *Penalty for violation of section.* Any person violating the provisions of this section shall be deemed guilty of a misdemeanor and, upon conviction, shall be punished in accordance with section 1-7. In addition, vehicles that are improperly parked on any county property, facility, or other premises may be towed at the owner's expense.

Subject: POV Emergency Response

SOG: 03.04.03

Page 1 of 4

Category: Vehicles

Rescinds: None

Approved by: Scott Krein, Rescue Chief

Revision: 1

Effective Date: 11/01/11

**PURPOSE:**

To establish a standard for Emergency Response to the station, and/or a scene in personally owned vehicles (POV's).

**SCOPE:**

All Personnel

**GENERAL:**

In an effort to provide members who wish to respond in an emergent fashion in his/her Personally Owned Vehicle (POV), Oconee County Emergency Services has developed this Guideline. This guideline must be followed by any responder who wishes to have the privilege of Emergency Response in a POV. Any member wishing to exercise this privilege must agree to abide by any and all applicable (both present and future) Emergency Vehicle guidelines established and approved by OCES.

**POV EMERGENCY RESPONSE:**

Any personnel vehicle equipped with Emergency Warning devices which meets the requirements for such as outlined by the State of South Carolina and Oconee County.

- A. The Emergency Vehicle Authorization Form must be properly completed and approved for each individual personal vehicle.
- B. Personnel are required to provide documentation that the Insurance Carrier is aware that the personal vehicle is equipped with Emergency Warning devices and will be operated as an Emergency Response Vehicle. This documentation must be on the Insurance Carrier's letterhead.
- C. Lighting requirements set by SC Code 56-5-4700:
  - (1) Emergency lighting must be mounted as high as possible
  - (2) Flashing red lights are to be visible at 500 feet in normal daylight in all directions.
- D. Siren requirements set by SC Code 56-5-4970:
  - (1) sirens must be capable of emitting sound audible under normal conditions from a distance of not less than 500 feet in all directions.
- E. Vehicle must be operated by authorized Oconee County Emergency Services personnel when emergency warning devices are in operation.

F. Personnel are required to have a minimum of training prior to being approved for personal vehicle authorization. This training includes: the SCFA course 1205 POV Emergency Response, as well as four (4) hours of annual Emergency Vehicle Driver training per year, the SCFA course 1210 Emergency Vehicle Driver Training is also recommended, but not required.

### **DICIPLINARY ACTIONS:**

Any member who receives a complaint involving the operation of a POV (at any time) that is found to have merit, or who is found to be in violation of this Guideline, shall be disciplined as outlined in this section.

#### **FIRST OFFENSE:**

- Thirty (30) days suspension of Emergency Response Privileges
- Must successfully complete a "Defensive Driving" course as selected by OCES Command Staff

#### **SECOND OFFENSE:**

- Six (6) Months suspension of Emergency Response Privileges
- Thirty (30) day suspension of membership with the organization
- Must successfully complete another "Defensive Driving" course as selected by OCES Command Staff
- Must successfully complete the SCFA course 1205 POV Emergency Response program again
- Must receive a favorable recommendation from an evaluation committee as assembled by OCES Command Staff

#### **THIRD OFFENSE:**

- Loss of POV Emergency Response Privileges
- Ninety (90) day suspension of membership with the organization

Any member found violating this policy at any time, will face severe disciplinary action up to, and including termination of membership with this organization

Copy, fill out, and return the following forms with all necessary insurance documentation to the Oconee County Emergency Services Office. Any personnel with commercial insurance must include a certificate of liability. All personnel seeking authorization for POV Emergency Response agree to be bound by the guidelines established in OCES SOG # 03.04.01.

## EMERGENCY VEHICLE RESPONSE

### **PURPOSE:**

Responding to any emergency call, Oconee County Emergency Services places a great deal of responsibility on the drivers of our emergency vehicles. Not only must emergency vehicle drivers provide prompt conveyance of the apparatus, equipment, and personnel to provide service to Persons in need, but as importantly, must accomplish this task in the safest and most prudent manner possible. Emergency vehicle drivers must make every attempt possible to provide due regard for the safety of others. Safe arrival at the emergency scene shall be, and must always remain, the first priority of all emergency vehicle drivers. In order to accomplish this enormous task all emergency vehicle drivers shall become familiar with, and constantly abide by the following policies and procedures.

### **SCOPE:**

All personnel

### **PROCEDURES:**

#### **1. Circle of Safety:**

Prior to entering the cab and starting the vehicle, the emergency vehicle driver should make a circle of safety around the vehicle to see that all equipment is secured, that all compartment doors are securely closed and any physical obstructions moved out of the way.

#### **2. Warning Devices and True Emergencies:**

When responding to a true all audible and visual warning devices will be operated at all times regardless of time of day and or traffic conditions. All emergency vehicle drivers must understand that warning devices are not always effective in making other vehicle operators aware of your presence. Warning devices only request the right-of-way, they do not ensure the right-of-way.

#### **3. Vehicle Control and Right-of-Way:**

All drivers shall attempt to maintain control of the vehicle that they are operating in such a manner as to provide the maximum level of safety for both their passengers and the general public. Emergency vehicle drivers should be aware that the civilian vehicle operators may not react in the manner in which is expected or felt to be appropriate. An attempt should be made to have options available when passing or overtaking vehicles. If another vehicle operator fails to yield the right-of-way to an emergency vehicle, the emergency vehicle driver cannot force the right of way, nor can you assume the right-of-way, therefore you do not have the right-of-way until the other vehicle yields to you. The emergency vehicle driver shall be aware of his/her rate of closure on other vehicles or a pedestrian at all times to make sure that a safe following is established and maintained

#### **4. Response Speeds:**

When responding to a true emergency, drivers should limit speed to no more than 10 mph over posted speed limit, conditions permitting. Examples of conditions requiring slower response speeds include but are not limited to:

- slippery road conditions
- inclement weather
- poor visibility
- heavy or congested traffic conditions
- sharp curves

### **5. Intersection Practices:**

Extreme care should be taken approaching any intersection as intersections are locations responsible for a large percentage of major accidents involving emergency vehicles. The following guidelines should be followed:

#### **Uncontrolled Intersections:**

Any intersection that does not offer a control device (stop sign, yield or traffic signal) in the direction of travel of the emergency vehicle or where a traffic control signal is green upon approach of the emergency vehicle all emergency vehicle drivers should do the following:

- Scan the intersection for possible hazards (right turns on red, pedestrians, vehicles traveling fast etc.). Observe traffic in all four (4) directions (left, right, front, rear)
- Slow down if any potential hazards are detected and cover the brake pedal with the driver's foot.
- Avoid using the opposing lane of traffic if at all possible.

#### **Controlled Intersections:**

Any intersection controlled by a stop sign, yield sign, yellow traffic light or red traffic light, requires a complete stop by the emergency vehicle driver. In addition to bringing the vehicle to a complete stop these steps must be followed as well:

- Do not rely on warning devices to clear traffic.
- Scan the intersection for possible hazards (right turns on red, pedestrians, vehicles traveling fast etc.) as well as driver options.
- Begin to slow down well before reaching the intersection and cover the brake pedal with the driver's foot, continue to scan in all four (4) directions (left, right, front, rear).
- Scan the intersection for possible passing options (pass on right, left, wait etc.) avoid using the opposing lane of traffic if at all possible.
- Come to a COMPLETE STOP.
- Establish eye contact with other vehicle drivers, have the person riding in the officer position communicate that all is clear (if available); reconfirm all other vehicles are stopped.

#### **Uncontrolled Railroad Intersections (no lights, gates or bells):**

At any time an emergency vehicle driver approaches an uncontrolled rail crossing he/she shall bring the apparatus or vehicle he/she is operating to a complete stop before entering the grade crossing. In addition the emergency vehicle driver shall perform the following prior to proceeding:

- Turn off all sirens and air horns.
- Operate the engine at idle speed.
- Open the window and listen for a train's horn.
- If all clear, proceed with caution.

#### **6. Non-emergency Response:**

When responding to a call in a non-emergency response mode or normal flow of traffic (not responding to a true emergency) the vehicle will be operated without any audible or visual warning devices and in compliance with all state motor vehicle laws that apply to civilian traffic. All drivers shall obey all traffic laws and traffic control devices when driving any OCES vehicle under ordinary travel conditions. Any driver found violating any traffic laws or driving any vehicle in an aggressive manner will be subject to disciplinary action.

#### **8. Riding Policy:**

Oconee County Emergency Services requires all persons riding in emergency vehicles to be seated and secured by seat belts whenever the vehicle is in motion. The emergency vehicle driver shall verify that all personnel are properly seated and secured by seat belts before the vehicle is moved. Oconee County Emergency Services prohibits the riding on tailboards, sidesteps, running boards, or any other exposed position.

#### **9. Backing:**

The Organization recognizes that backing emergency vehicles and whenever possible drivers should avoid backing. However, when it is necessary to back up any departmental vehicle all drivers shall follow one of the two following measures:

- The first choice of backing is that before any vehicle is put into reverse and backed that a spotter be put in place at the left rear of the vehicle. The spotter should be safely positioned so that the emergency vehicle driver can see them at all times. If at any time the driver loses sight of the spotter he/she shall stop immediately until the spotter is visible again.
- If no spotter is available, before attempting to back any apparatus, the driver will ensure that no person or persons are directly behind the vehicle or its intended path of travel; all equipment is secured and that all compartment doors are securely closed; any physical obstructions are moved out of the way. The emergency vehicle driver should also note all potential obstructions in the intended path of travel.

#### **10. Privately Owned Vehicles (POV's) not approved for Emergency Response:**

When any member responds to the station or to the scene in his/her POV, each member must adhere to all applicable motor vehicle laws.

While it is recognized that timeliness in response to an emergency is important, it is imperative that all drivers understand that their private vehicles, that do not meet the standards as set forth in OCES SOG # 03.04.03, are not emergency vehicles and therefore are not afforded any exemptions or special privileges under state law. Any driver found breaking any traffic laws or operating any vehicle in an aggressive or unsafe manner will be subject to disciplinary action, including but not limited to, suspension or loss of driving privileges. Each case shall be investigated, and evaluated on an individual basis.
