RALLY IN THE VALLEY 2019
SINGLE SOURCE DOCUMENTATION

Oconee Forever plans to use two sources for its paid internet advertising campaign. The first provider will be Active.com, one of the premiere sports event registrations sites, and the company chosen by Oconee Forever to provide online registration for Rally in the Valley. The second provider will be Facebook. Both sites are single source providers.

One of the services offered by the first provider, Active.com, is the Instant Ads campaign. Instant Ads is a marketing concept available to events registered on Active.com. It is geared toward attracting attention to an event from several places within the website. Once purchased, the ads for Rally in the Valley will appear (1) in response to searches of cycling events in the southeast, (2) on cycling specific home pages, (3) in the local event weekly newsletter and (4) in blocks within articles on topics related to cycling. The placement of an ad in each of these formats is dependent upon the amount of the bid and Oconee Forever will be charged only if a person clicks through the ad to the Rally in the Valley registration page. For example, Active reported in 2018 that Rally in the Valley had 16,418 impressions resulting in 147 clicks at a cost of \$535. This advertising will target large metropolitan areas in North Carolina, South Carolina, Georgia, Florida and Tennessee.

The second provider will be Facebook. Oconee Forever will purchase advertising on Facebook known as "boosts" that will target Facebook users who are cyclists in large metropolitan areas in North Carolina, South Carolina, Georgia, Florida and Tennessee. In 2018, the Facebook boosts had a paid reach 54,211 people with 3,602 engagements and 2,907 link clicks at a cost of \$855.

With both Instant Ads and Facebook boosts, the text of the ad is abbreviated due to space limitations. However, if awarded a grant, the required grant language will be placed at the bottom of the registration home page. Thus, it will be seen by every person who goes to the registration home page, regardless of whether the person accesses the page through an Instant Ad, a Facebook boost or any other form of advertising, including word of mouth.

Printed rack cards and posters have played an important marketing role in Oconee Forever’s advertising plan, and this year we will continue that program focusing on target locations outside of Oconee County. Rack cards will be distributed to the following locations in addition to areas within Oconee County. Types of distribution locations include trail heads, bicycle shops, REI stores, and outdoor related shops. By mailing rack cards instead of hand delivering them, we can get the cards in more locations.

1. South Carolina: Pickens County, Anderson County, Greenville County, Aiken, Columbia
2. Georgia: Toccoa, Clayton, Hiawasee, Gainesville, Hambersham, Metro Atlanta
3. North Carolina: Franklin, Brevard, Asheville, Hendersonville, Charlotte
4. Tennessee: Chattanooga, Knoxville

Additional marketing will focus on internet publicity through various social media platforms, as well as websites, bike club event calendars, Facebook and Active.com. This marketing push will include all of the areas mentioned above as well as the following target cities:

1. South Carolina: Charleston and Myrtle Beach
2. Tennessee: Nashville
3. Florida: Jacksonville

In addition, Andy Smith has interviews scheduled with Mike Switzer of the SC Business Review on April 4 and with Brandon Kessler of The Lake radio show in Seneca on April 25. The event will also be submitted to South Carolina Living and other publications.

The overall goal of the marketing plan is threefold: to succeed in meeting our goal of 300 cyclists, increase the general public’s awareness of Oconee Forever’s mission and showcase the bicycling opportunities in Oconee County.

Rally In The Valley
Attn: Bettina George
Mountain Rest, SC

Subject: Letter of Support

Dear Bettina,

It is with great pleasure that I write this letter of support on behalf of the annual bicycle ride, Rally in the Valley.

The cycling industry is not only growing rapidly in global popularity, but it is also a significant tourism economic driver here in Oconee County. In addition to your ride, there are three other major rides in Oconee and our area is the official training site for hundreds of professional bike riders from Canada who have been training here every year for well over 15 years. Rally in the Valley will further enhance our area as a cycling destination.

With that in mind, Visit Oconee SC welcomes and supports this annual bike riding event and I highly recommend and encourage the Oconee A-Tax Commission to approve your grant request in full.

Respectfully submitted,

Upstate Forever, affiliate Oconee Forever give \$25,000 to Stumphouse park project

Walhalla city leaders received a contribution from Upstate Forever Land Trust and affiliate Oconee Forever to help fund continued trail building in the new Stumphouse Mountain Bike Park.

The organizations presented a \$25,000 check to match project funding the city received from the S.C. National Heritage Corridor Grant Program. Construction will expand the state-of-the-art mountain biking and hiking trails in the park. The first 4 miles opened in May and included 1.5 miles of the mountains-to-sea Palmetto Trail, which anchors the park.

"We are very fortunate to have the support of Upstate Forever and Oconee Forever as we work with Palmetto Conservation to build out a first-class trail system in our Stumphouse conservation easement," Mayor Danny Edwards said. "Stumphouse Tunnel Park is an incredible natural resource for the City of Walhalla and Oconee County, and these trails will allow our residents and visitors to enjoy this special place for generations to come."

"Upstate Forever is pleased to help support this wonderful community amenity that will add more recreational options for Upstate residents," Executive Director Andrea Cooper said.

Speaking for Oconee Forever, local attorney and conservationist Shea Airey said, "We believe the sustainable tourism represented in these new mountain biking and hiking trails is a catalyst for genuine economic growth and cultural enrichment in our community. It seems a fitting cause to donate these funds to provide new ways to access and enjoy the beauty and magic of Stumphouse." The funds were raised from Oconee Forever's annual "Rally in the Valley" event featuring bicycling, music and local food.

When completed, the Bike Park will feature more than 20 miles of beginner through advanced mountain biking trails for riders of all levels. In the future, the Palmetto Trail will provide hikers and mountain bikers a continuous connection from downtown Walhalla to the Bike Park, Oconee State Park and beyond. The Palmetto Trail is South Carolina's largest trail construction project with 375 miles of the 500-mile public trail completed for nonmotorized recreation from Walhalla to Awendaw.

Stumphouse Mountain Bike Park is a collaborative project of the City of Walhalla, Oconee County, Upstate Forever, Oconee Forever, Palmetto Conservation Foundation (PCF) and other partners. The city owns the 440-acre property, a designated heritage preserve in Oconee County. Upstate Forever holds a permanent conservation easement on the property. Oconee Forever is the local all-volunteer affiliate created from the

grass-roots public support to preserve Stumphouse Tunnel and Issaqueena Falls. PCF owns the Palmetto Trail and provides expert oversight of trail construction at the Bike Park.

PCF Executive Director Natalie Brit said, "We are incredibly privileged to work with the many exceptional partners who created Stumphouse Mountain Heritage Preserve and continue to support Stumphouse Mountain Bike Park."

Upstate Forever's conservation easement protects Stumphouse Mountain from residential, commercial and industrial development, but allows for the new Bike Park's sustainable, natural surface recreation trails. The hiking and mountain biking trails provide safe sustainable public access and promote active recreation in the county and region. The easement also maintains public access to Stumphouse Tunnel and Issaqueena Falls.

Stumphouse Park gets \$25K donation

WALHALLA — The Stumphouse Mountain Bike Park received a financial boost from two area organizations Wednesday afternoon. Representatives from Oconee Forever and its parent organization, Upstate Forever Land Trust, presented Walhalla officials with a \$25,000 check to assist in the development of the bike park. Officials gathered at the

trailhead of the Palmetto Trail for the presentation.

The \$25,000 donation will be used to match funding for the park that Walhalla received from the S.C. National Heritage Corridor Grant Program.

Shea Airey with Oconee Forever said the \$25,000 donation comes from funds raised at this year's Rally in the Valley, held in May at Lake Jemiki.

Rally in the Valley is a festival-like event that

revolves around a 60-mile bike ride and a 30-mile hike.

"We raise (the funds) on behalf of Upstate Forever, so it's really Upstate Forever donating the funds," Airey said.

Upstate Forever executive director Andrea Cooper told Airey he was being too generous and that Oconee Forever deserved the credit for the donation.

"We're just really a fiduciary agent," Cooper said. "It's a good partnership."

Oconee Forever is an outreach group of Upstate Forever.

"We do rely on them a lot," Airey said.

Oconee Forever is an all-volun-

teer, grassroots affiliate created in 2007 to preserve Stumphouse Tunnel and Issaqueena Falls.

The Upstate group focuses on land conservation and sustainability.

"We support increased access to recreation," Cooper said. "We do a lot of work in land protection, land use planning, water quality preservation and natural resource protection."

Airey agreed.

"As an outreach group, we try to support those causes here," he said.

Upstate Forever placed a permanent conservation easement on the 440-acre Stumphouse Mountain Bike Park property to preserve it for future generations.

"The easement was adapted to allow for the mountain bike trail system," Cooper said.

The city of Walhalla owns the property. In addition to the city, the two organizations that provided Wednesday's donation, the Palmetto Conservation Foundation and Oconee County are partners in the creation of the bike park.

In May, the first 4 miles of mountain biking and hiking trails opened in the park, including 1.5 miles of the Palmetto Trail, which runs from the Walhalla park all the way to the South Carolina coast.

More than 10 miles of trail will open in Walhalla by year's end.

"We're excited," Cooper said. "Connecting people to nature is a good fort that Upstate Forever is proud

Rock the Ranch ATAX Grant Application

To Whom It May Concern:

We appreciate your consideration for the ATAX Grant. Rock the Ranch is a 501(c)(3) nonprofit organization founded in 2016. We established Rock the Ranch for two reasons: to honor the memory of best friend, Michael Gray, who unexpectedly passed away in 2015, and to revive a concert series from the 1970's. Our venue is the historic Charlie B. Ranch Arena located on the outskirts of Seneca, SC. In the 70's, the Ranch played host to the likes of: Fleetwood Mac, ZZ Top, The Marshall Tucker Band, REO Speedwagon, James Gang, and Black Oak Arkansas to name a few!

These days our mission is a little different. We're focused on bringing our community together through a shared love of live music and an emphasis on giving. Rock the Ranch donates all festival proceeds to two carefully selected charities: The Cystic Fibrosis Foundation and Shriners Hospital for Children. These organizations are doing incredible work not only in our state, but all throughout the country. In our first three years we've been fortunate enough to donate \$23,000 to these charities. With the help of the ATAX Grant and community to support, we plan to add significantly to that number in 2019!

We look forward to talking with you more and appreciate the opportunity the ATAX Grant will provide. Please let us know if anything else is needed.

Respectfully,

Kyle Nicholson

V. APPLICANT CATEGORY

 Government Entity

 Non-profit Organization: Incorporation date

 X Eleemosynary Organization under IRS Code: IRS # 501(c)6

 Date of Determination Letter January 14, 1998

VI. DEMOGRAPHIC DATA

How will the project influence tourism in Oconee County?

The entire advertising and marketing budget is targeted toward audiences that are within a 50 to 500-mile radius of Oconee County. The majority of our ads feature outdoor recreation and the scenic attributes of the area, so the numerous waterfalls, Lakes Jocassee, Keowee and Hartwell, the National Wild & Scenic Chattooga River, and the four state and three county parks are all featured prominently in our advertising and marketing efforts. Also, in the annual *Visitors Guide to the Upcountry*, the many Oconee attractions, sites and activities are prominently featured.

- A. How many visitors/participants attended the event last year and are anticipated this year?
599,165 in FY 2019. Projected 617,140 in FY 2020.
- B. How many of the visitors/participants were from beyond a 50-mile radius of Oconee County last year and are anticipated this year?
Last Year – 545,240 This Year – 561,597
- C. How many overnight stays were created by this event last year and are anticipated this year?
Last Year – 452,402 This Year – 489,563
- D. How do you plan to advertise this event beyond a 50-mile radius of Oconee County?

The primary target markets for the Upcountry have traditionally been South Carolina, North Carolina, Georgia and Florida, so the majority of our advertising buys are in publications (and online) that reach these geographic markets. Other feeder markets for the region are Alabama, Mississippi, Louisiana and Tennessee, so a portion of the advertising budget is spent in these markets.

- E. What other documentation can you provide demonstrating this event promotes tourism in Oconee County? (i.e. photographs, letters from local chambers of commerce, restaurants, shop or accommodations owners)

We have numerous members and partners in Oconee who have provided testimonials that our efforts are bringing visitors to their business or organization. We also receive a lot of feedback on our social media channels from visitors about their experiences in the area.

- F. What records will be kept during this event to obtain the above demographic data? (i.e. guest logs, phone logs, accommodations contracts, website hits, advertising demographics)

Visitor data is collected in several ways by our organization. Website visits are tracked via Google Analytics. Our site currently gets approximately 300,000 unique visits per year. Inquiries are generated from advertising and marketing efforts. These inquiries will be fulfilled with the Upcountry Visitors Guide and they will also be added to our e-newsletter mailing list. Facebook Analytics are also tracked to evaluate our engagement. We currently average over 110,000 engagements per month on our page.

VII. AUDIT

Does your organization perform an independent audit? Yes.

PROJECT DESCRIPTION

Signage at Public Destination Sites

The Upstate Heritage Quilt Trail has recently reach a milestone of over 248 destinations throughout Anderson, Oconee and Pickens Counties in our ten year of existence. In Oconee County there are 148 sites, 80 sites of those sites are attraction destinations sites. Over the years we have we come to realize that community members and visitors do realize they are viewing quilts on the Trail or how to obtain more about them. Signage at these will help visitors gain insight into Oconee County history as well information about the quilt they are viewing. The majority of these 80 informational signs will be placed on the building near the quilt block but some will require free standing stakes. The informational signs are two sizes, small are 10" x 10" and large are 24" x 24." Each sign includes a QR code so the viewer can link to the UHQT web site and obtain more information about panel they are viewing, the site where it is located and can access the interactive map to locate other sites in the area. The size was determined by placement space, ease of visibility for visitors and volume of information to share about quilt and site. A sample of signage is provided.

The Font, Minion Pro, is an easy to read serif intended for body text and extended reading. The size font in the body text is determined by the number of words used to describe the painted quilt. The range of font size is 23 points - 32 points. Headings range from 85 points to 100 and are, once again, determined by the length of the information being presented.

The table below lists the sites in Oconee County that will be receiving signage: public locations (schools, parks, community use buildings, public libraries, retail establishments, agritourism sites; art related locations and historic locations.

South Carolina State Quilt Block

Quilter: Unknown

Sponsor: Footnote Book Club

According to Barbara Brackman, *Hearth and Home Magazine* published the South Carolina State Block in the 1788. "The colony of Carolina split into North and South Carolina in 1730. *Hearth and Home* named a block for South Carolina in their series of state patterns sent in by readers." This is one sample of several quilt patterns associated with the State.

The Upstate Heritage Quilt Trail (UHQT) leads visitors through Anderson, Oconee and Pickens Counties. Walking or driving the trail is an adventure through the countryside of natural beauty, to a variety of unique historical sites, museums, parks, shops and galleries. The UHQT's web site at www.uhqt.org will provide the stories about each quilt and its history. Our interactive map will help guide you to over 240 quilt blocks sites. Rocky Mountain Road

Quilter: Lena Mae Land Talley

Sponsor: Wynward Point Ladies

The pattern, also called Crown of Thorns, was very popular in the upper South during the late 19th century. The complex pattern is created by the interplay of pieced blocks and interwoven strips, requiring both skill and patience in executing the curved lines and numerous points. Much later, in the 1930's, the Mountain Mist Batting Company of Cincinnati, OH reproduced the pattern, calling it New York Beauty.

Lena Mae Land Talley (1916 – 2008) was a native of Mountain Rest, SC. Mrs. Talley was the daughter of the late William B. and Julia Alice Orr Land. She was the wife of the late Douglas A. Talley. She was manager of Family Dollar in Seneca for over 25 years and attended Faith Chapel in Mountain Rest. Her original quilt is on display in the Oconee History Museum. She was only 14 when she started the quilt and completed her quilt in 1930, having spent two summers on her grandparents' porch cutting, piecing and hand sewing and quilting her Rocky Mountain Road. This quilt serves as the logo for the Upstate Heritage Quilt Trail.

Oconee History Museum began as an idea in 1999 when a group of concerned citizens saw a need for the preservation and interpretation of Oconee County's heritage. Renovations to the old Tobacco Factory (c.1892) were completed in 2004, and Oconee History Museum (then Oconee Heritage Center) opened to the public in October of that year. The General Store Museum in downtown Westminster followed in 2011 as Oconee History Museum's first branch location. Thousands of visitors each year enjoy the museums' exhibits, collections, research resources, and educational and community programs.

Dear Mr. Shirley,

Enclosed is an A-tax application from the Upstate Heritage Quilt Trail (UHQT). The primary objective of this proposal is the request for assistance with the installation costs for 40/80 informational signage to be placed at attraction sites throughout Oconee County. Given we would like to see the signage installed in a timely manner, we need to hire an individual to do the installation on our behalf. Thus requiring financial assistance to completed UHQT site identification in Oconee County.

I would like to take this opportunity to thank you for your consideration of this request and would appreciate the opportunity to answer any questions you may have.

Sincerely,
