## VI. DEMOGRAPHIC DATA

How will the project influence tourism in Oconee County?

The entire marketing budget is targeted toward audiences that are within a 50 to 750-mile radius of Oconee County. A large portion of the advertising we place features outdoor recreation and the scenic, natural, and cultural attributes of the area, so the many waterfalls, Lakes Jocassee, Keowee, and Hartwell, the National Wild & Scenic Chattooga River, and the four state and three county parks are all featured prominently in our advertising and marketing efforts. Also, in the annual *Visitors Guide to the Upcountry*, the many Oconee attractions, sites, and activities are prominently featured.

- A. How many visitors/participants attended the event last year and are anticipated this year?  
31,510 in FY 2022. Projected 40,963 in FY 2023.
- B. How many of the visitors/participants were from beyond a 50-mile radius of Oconee County last year and are anticipated this year?  
Last Year – 29,935 This Year – 38,915
- C. How many overnight stays were created by this event last year and are anticipated this year?  
Last Year – 62,673 This Year – 81,474
- D. How do you plan to advertise this event beyond a 50-mile radius of Oconee County?

The primary target markets for the Upcountry have traditionally been South Carolina, North Carolina, Georgia, and Florida, so the majority of our advertising placements are in publications (and online) that reach these geographic markets. Other feeder markets for the region are Alabama, Mississippi, Louisiana, and Tennessee. All of our advertising budget is focused on markets that are beyond a 50-mile radius of Oconee County.

- E. What other documentation can you provide demonstrating this event promotes tourism in Oconee County? (i.e. photographs, letters from local chambers of commerce, restaurants, shop or accommodations owners)

We have numerous members and partners in Oconee who have provided testimonials that our efforts are bringing visitors to their business or organization. Lodging properties, restaurants, attractions, and recreation providers are the businesses that give us the most positive feedback. We also receive a lot of feedback on our social media channels from visitors about their experiences in the area.

- F. What records will be kept during this event to obtain the above demographic data? (i.e. guest logs, phone logs, accommodations contracts, website hits, advertising demographics)

Visitor data is collected in several ways by our organization. Website visits are tracked with Google Analytics. Our site currently gets approximately 214,000 sessions per year. Inquiries are generated from advertising and marketing efforts. These inquiries will be fulfilled with the Upcountry Visitors Guide, and they will also be added to our e-newsletter mailing list (51,000+ subscribers). Facebook Analytics are also tracked to evaluate our engagement. We are averaging over 2.7 Million engagements per year on our page.

## VII. AUDIT

Does your organization perform an independent audit? Yes.

Name of the Auditor: McKinley, Cooper & Co., LLC

- VIII. Will your project be using any funds from another group that received ATAX funds? No.

***I have read the guidelines for the Oconee County Accommodations Grant Request and do hereby agree to comply with all rules and requirements. I understand failure to comply may result in a loss of funding for the project. I will complete interim reports every sixty days and two final reports at completion of project. Adam,  
Thanks very much for the calculations. If you could print an itemized budget for one week, I can use that for however many weeks we are working on the site. When I have your figures, I will add the other figures such as brush clearing, etc. to the grant proposal.

**LOOKING FOR ARTIFACTS** - These are some of the volunteers who participated in an archeological dig at the site of the Oconee Town Cherokee Indian village last week. (See story)

## Cherokee Artifacts Are Uncovered During 'Dig' At Oconee Town Site

An archeological dig at a portion of the "Oconee Town" Cherokee Indian village last week yielded a number of pottery fragments and tools.

The dig, which took place Monday through Friday, was overseen by Dr. Chris Clement, an archeologist at the S.C. Institute of Archeology and Anthropology on the University of South Carolina campus.

Some of the pottery fragments were estimated to be up to 4,000 years old.

The dig took place on about one acre of privately owned land near the Oconee Station State Historic Site, lo-

cated on Oconee Creek.

Dr. Clement said this site does not appear to be the main part of Oconee Town, but rather an outlying community.

The site was dug up using shovels, with the assistance of a large number of enthusiastic volunteers. There were as many as 16 people working at the site at one time. The site was covered back up when work concluded on Friday.

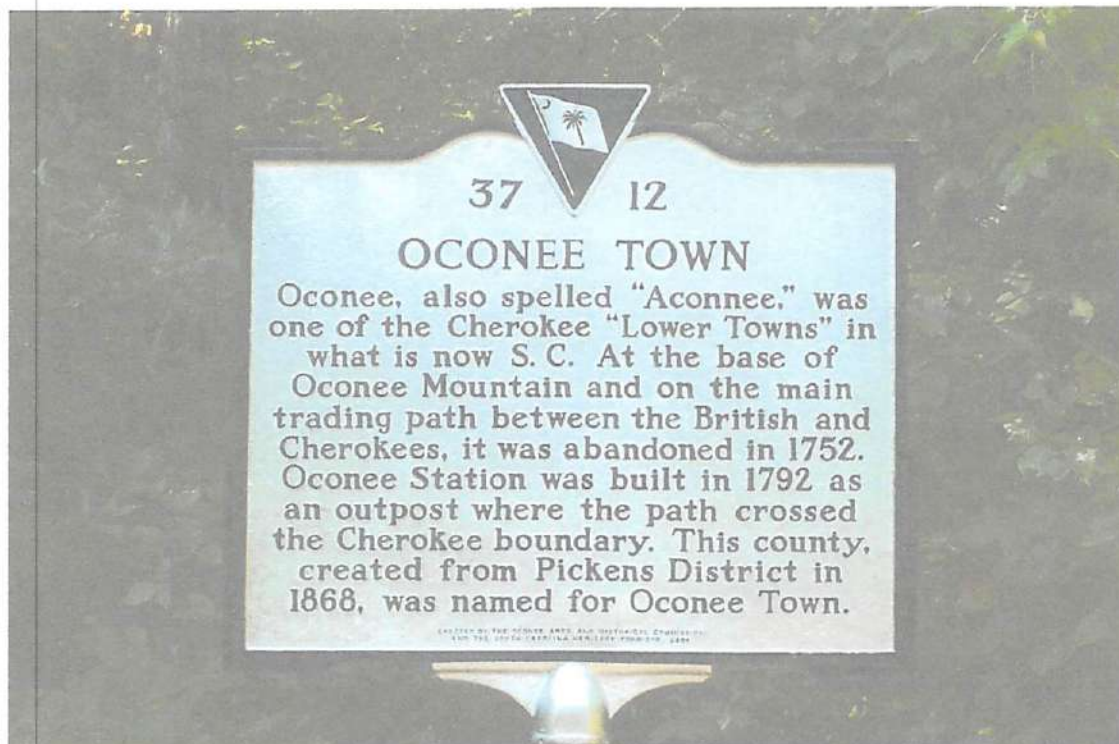

There are tentative plans to resume digging in the fall, perhaps at the main part of Oconee Town.

Last week's dig was funded by the Oconee County Arts and

Historical Commission. The County Council authorized the commission to spend \$2,000 for that purpose.

The artifacts that are found will go to the Oconee Heritage Center in Waltham, for public exhibit.

Local officials are also hopeful that the Heritage Center can acquire a large number of Cherokee artifacts that were found during a dig at the former Keowee Town village in the late 1960s, prior to that area being inundated by Lake Keowee. Those artifacts have been kept in storage in Columbia ever since they were found.

# Where did the name "Oconee" originate?

## Oconee Town: a brief background

Oconee, in the northwestern corner of South Carolina, was one of the "lower towns" of the Cherokee nation. The Cherokee villages in South Carolina were lower in topographic elevation than the villages in the mountains of North Carolina and Tennessee, and were also closer to early pioneer settlements. Oconee was situated at the base of the Blue Ridge mountain escarpment and was the last of the lower towns to be passed through before crossing the mountains traveling from east to west on the Cherokee trading path between Charles Town and the Mississippi River.

There are at least twelve known variations in the spelling of the name "Oconee." As with the names of all early Cherokee towns, the English spelling was derived phonetically from local pronunciation. It seems possible that the great variety of spellings used by early journalists and mapmakers in writing the names of Cherokee towns resulted from varying pronunciation by different individuals or groups within the Cherokee complex.

Although the earliest written reference to Oconee Town was in the Francis Varnod census of Cherokee towns in 1721, there is much evidence available to demonstrate that it was inhabited much earlier. An archaeological survey conducted by the South Carolina Institute of Archaeology and Anthropology in 1972, and a recent (2009) archaeological excavation indicates that it was used as a seasonal campsite for thousands of years before it was a settlement. In 1730, Sir Alexander Cuming recorded that upon his arrival at Oconee there was "a Solemnity performing in the Town-House." The fact that Oconee had a town house (or council house) is indicative of Oconee's important standing, for the smaller villages did not have town houses.

The generations-long war between the Creeks and Cherokees burst into increased violence in the early 1750s with the consequence of most of the Cherokee lower towns being abandoned. Oconee was abandoned in 1752, never again to be reoccupied on a permanent basis. Its name, however, had been applied to the nearby mountain, and because the site of the town was on the main road to the important overhill town of Chota, it continued to be known for years to come.

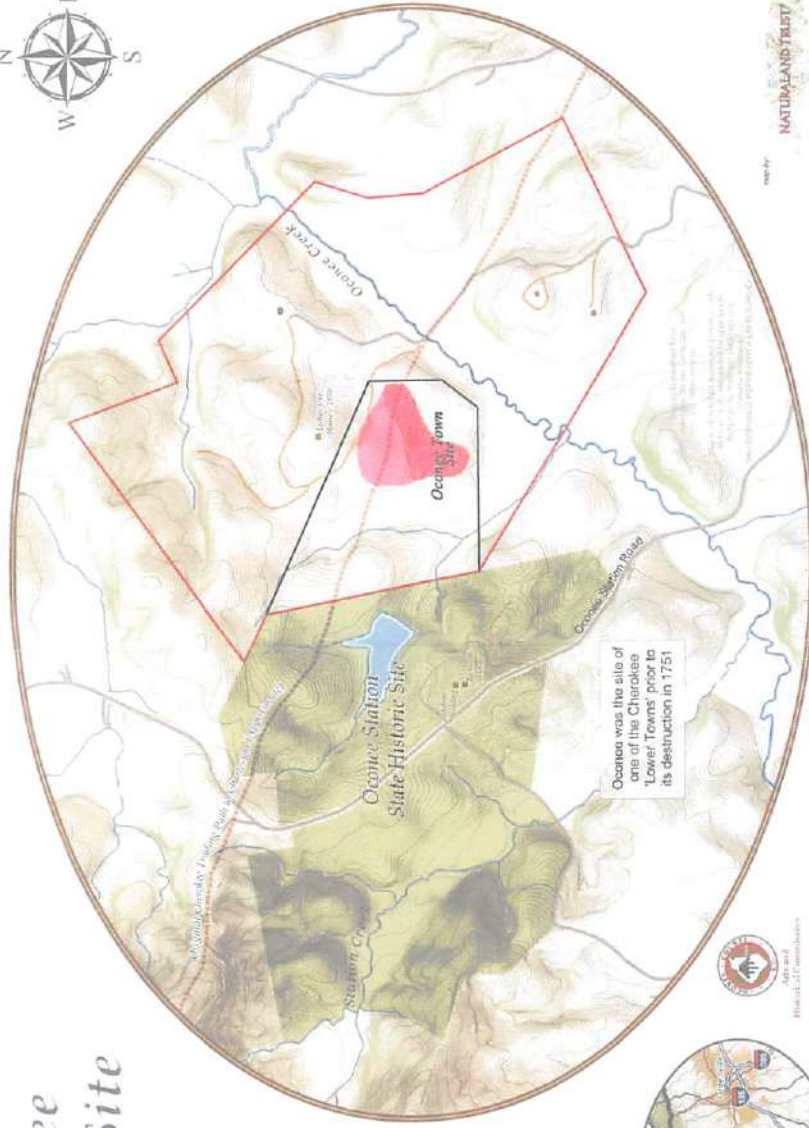

When British Col. James Grant's army fought the Cherokees in 1761, his army camped for one night at the abandoned site of Oconee. Among the young soldiers serving under him on this expedition were Thomas Middleton, Henry Laurens, Andrew Williamson, Isaac Huger, Andrew Pickens, Thomas Sumter, William Moultrie, and Francis Marion, all of whom later played major roles in the American Revolution.

The noted botanist William Bartram in 1775 mentioned seeing "the ruins of the ancient Oconee Town." In 1792, a frontier outpost was constructed adjacent to the village site and was named "Oconee Station". When the War Between the States began in 1861, a unit of volunteers from this area adopted the name "Oconee Rifles." Later, when Pickens District was divided into two counties in 1868, the section west of the Keowee River was named "Oconee County."

=====

Dear Parks, Recreation and Tourism Commission,

Enclosed is the ATAX Grant Application for The Oconee County Chamber of Commerce for February 2023. We appreciate your consideration in the past and are hoping to continue the work we have started in Westminster with your support.

Oconee County has become a well-known destination resulting in increased numbers of visitors. As it grows, the Chamber of Commerce continues to expand our efforts to promote tourism through direct and indirect efforts.

I would like to once again attend one of your meetings to answer any questions or provide any additional information you may need to adequately consider our request. Please email me at [director@oconeechamber.com](mailto:director@oconeechamber.com) with the next upcoming meeting information.

Thanks again for your consideration and support,

Dear Ms. McBride:

It is with appreciation for the work of the Oconee Chamber of Commerce that I provide this letter of support for your application for Accommodations Tax Funds (ATAX) as you seek opportunities to fund an expanded size and scope of a Visitor Center in Westminster.

There is economic value to the City of Westminster (and all of Oconee County) for the Oconee Chamber to be active in the City and surrounding areas. The work of the Chamber enhances the economic impact of visitors and tourists, which benefits the business community by providing greater access to more customers. More business activity increases sales and use taxes available to the local governments. You play an important role in this cycle-of-benefit.

In my view from City Hall, since the Oconee Chamber of Commerce has re-established a physical presence in Westminster, the local businesses have benefited from ease of access to you and your staff, the activities you plan and the expertise you bring to the business climate. I have noted the increased foot traffic in City Hall in existing business owners, prospective business owners and those traveling through the area as tourist. No doubt, you assist many in the business community *and* you create a benefit in all of Oconee County by assisting travelers (tourists) with information about local destinations, including restaurants, shopping and places for overnight stay.

For the decision makers assessing your grant application we encourage them to look favorably and award generously.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin Bronson", written over a horizontal line.

Requester's name and address (optional)

Print or type. See specific instructions on page 3.

## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
  - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
  - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
  - Form 1099-S (proceeds from real estate transactions)
  - Form 1099-K (merchant card and third party network transactions)
  - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1099-T (tuition)
  - Form 1099-C (canceled debt)
  - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

The DreamLine French Corner sliding shower enclosure is a perfect complement to a modern industrial bathroom style with a European vibe. The French Corner is designed for a corner installation providing an effective solution to maximize space. The four panel configuration includes two corner-opening sliding doors to create a spacious center walk through. JetGlaze glass pattern offers a unique mullion look without the metal framing for easy maintenance. Update the style in your bathroom with the French Corner sliding shower enclosure. Shower Base has a glossy acrylic finish that is scratch, slip, and stain resistant for safe showering, and is reinforced with fiberglass for durability. Drain opening fits any standard 2-in compression fitted drain (not included).

**OVERVIEW**

Introducing the latest in home comfort technology, with the 4th generation MRCOOL DIY 12K BTU, 22 SEER ductless Heat pump system. This powerful single-zone system has the capability of heating and cooling an area up to 500 sq. Ft. It comes complete with a 12K condenser, 12K air handler, and a 25 ft. line set pre-charged with R-410A refrigerant. The line set also has quick connectors which require no special tools, equipment, or training to install. The MRCOOL DIY system also includes many features that make it stand out among its competitors. The first of which is its ability to achieve an outstanding 22 SEER efficiency rating

allowing it to be Energy Star certified. This system has many operating modes to select from to suit the needs of the user, including heat, cool, dry (dehumidification), and sleep. It also has the follow Me function that adjusts the temperature of the room based on the temperature being read by the hand-held remote control. The DIY features the convenience of being able to operate its modes and functions with your smart phone by using the smart HVAC app.

- Energy Star certified 22 SEER, 11.5 HSPF
- Easy DIY installation: pre-charged R-410A 25ft quick connect line doesn't require special tools, equipment, or training
- Designed to efficiently heat and cool a single 500 Sq Ft room
- SmarthVAC app: wifi control - compatible with amazon Alexa and Google assistant - you can control your DIY anywhere with your apple or android smart device and an Internet connection
- Variable-speed DC inverter compressor technology cuts operating costs
- Low ambient cooling: cooling down to 5F this feature makes the Mrcool DIY the ideal system for computer server rooms, greenhouses, and any other application that requires cooling all year
- Gold fin condenser corrosion resistant live on the coast don't worry, our condenser is built to resist long term corrosion
- 7-Year compressor warranty and 5-year parts warranty
- Follow me feature,dehumidifying operation,auto mode,lover position memory, and sleep mode

## **FEATURE ARTICLE**

### **Education & Enrichment Center**

**\*\*UPDATE\*\***

**Thanks to all of you, the Wild Hearts Equine Education and Enrichment Center (covered arena) is in use, and we are pressing forward with initial finish work on Phase 2. We could not have done it without your support!**

**Phase 1 of the Wild Hearts Equine Education and Enrichment Center (covered riding arena) is making a huge difference for our programs and our clients. As we enter this winter season with cover from rain, we are able to provide services regardless of the weather, which gives our clients the consistency required to grow. We are incredibly thankful for the support of our entire community for helping us make this happen!**

**Phase 2, the finish of our educational areas, includes a handicapped-accessible restroom, a classroom/meeting space (which doubles as an observation room for parents), a tack room, and a horse med and washroom. In our December newsletter, we talked about the Phase 2 budget of \$35,000. Some of you answered the call to help, and we've received over \$5,000 in donations toward this project. As you can see,**

**we are still short of our financial goal for this phase, but we are getting started with just the educational area and ADA restroom finish. WOULD YOU LIKE TO HELP US FINISH PHASE 2? IT'S NOT TOO LATE!! If you haven't already, please consider an early 2023 donation to help us finish the remainder of Phase 2.**

Thanks go to Dan Mosser Construction and Liberty Realty, as well as the kind and generous folks at Yoder's Building Services. Dan and crew are donating labor, and Yoder's Building Supply has graciously offered to provide all of the materials at cost, which is a huge savings! Not only that, but Zach Troyer of Yoder's and a group of his peers will be donating time to hoist the floor joists and help Dan's crew get them placed. This is no small effort, so please be sure to contact Yoder's for any of your building or home improvement needs! [www.goyoders.com](http://www.goyoders.com)

As you read this newsletter, be sure to take note of all the upcoming educational opportunities that YOU have helped make possible. Please consider joining us at any of these events, and be sure to tell all your friends.

## CLIENT TESTIMONIAL

### Meet Caroline!

---

"It's a powerful place. Just what our prayers were hoping for," said Michelle Confer, and when asked for a testimonial, she suggested that her daughter Caroline share her own story. We really love this! Big thanks to Caroline for taking the time to reflect on her journey and bring to life how horses can change perspectives and teach us life lessons.

**The Reins of Life**  
**By Caroline Confer**

Hi, my name is Caroline Confer. I am 12 years old, and the horse I ride is named Jet. I work with Miss Jani and Miss Kay. My experience at Wild Hearts is the best thing I could ever ask for! Miss Kay makes me laugh so much, and Miss Kay and Miss Jani are like a part of my family. Miss Jani taught me everything I know, like how to soften my horse, how to trot with stirrups, and to groom Jet, like brushing, putting on the saddle, and cleaning Jet's feet. It's only been 4 months, but I already know so much! Like handling my reins with Jet. But I also learned how to handle my reins in my life, like slowing down on life and not wishing you were a different age. Like when you are 13 and you wish that you were 16 so you can drive! But I learned that you have to get a hold of your reins and only think about life as it is now. Not in the future, but right now. And you will be glad, trust me. Over all, this has been an awesome experience for me. Wild Hearts is kind of my safe place because there's no one to judge you on how you look or how you dress. Even your horse doesn't care what you wear. Having an awesome time with your horse is what I think is the most important thing of all! If you're thinking of coming to Wild Hearts, you need to come today, because it will change your life. I love this place. Thank you for taking time to hear my story!

---

## HANDYMAN SPOTLIGHT

## Richard Zavertnik

**Before learning about Wild Hearts, I was a global logistics and supply chain leader.**

**My wife is a volunteer at Wild Hearts, and I learned about the farm through her interactions. Their mission is so important these days, and as I recently retired and had time to volunteer, I wanted to be a part of what was happening. I enjoy doing projects along with maintenance and repair, so the farm provides many opportunities. I enjoy being outside listening to all the sounds of the farm and having the chance to do hands-**

on work. I tend to work early in the mornings or late in the afternoons, so I don't interfere with the important work the facilitators are doing.

Being involved at Wild Hearts is allowing me to learn new things. It also provides a sense of accomplishment and the knowledge that I'm fixing the small stuff so the Wild Hearts Team can transform the lives of the clients.

My favorite horse at the farm is Callie. She's one of the boarders at the farm. I love to watch her as she moves and interacts with her herd.

---

## VOLUNTEER SPOTLIGHT

Shelly Barberpt

**I grew up on a farm, and my family had a horse named Pepos Taboo (Tab). As I entered PT school, I had an opportunity to work with a hippotherapy clinic in North Carolina. This was my first experience in seeing how horses can improve mental, emotional, and physical states in a person. For the past 19 years, I have been a physical therapist, and I have worked with patients of all ages.**

**I moved to Seneca about two years ago. I was searching for an opportunity to volunteer in a therapeutic horse program. I researched the area and came across Wild Hearts. I then did a "drive by" to see the program. I had no doubt that I needed to learn more about the program.**

**The mission and testimonials on the website drew me to signing up to be a volunteer. Meeting Jessica and Janine confirmed that I had made a great decision. Everyone, from staff to volunteers to clients, draws you in and makes you feel a part of a greater purpose. What I enjoy most about Wild Hearts is the peace that comes from being present on the farm. The horses are calm and happy. The people are pretty great too.**

**Being involved at Wild Hearts has helped me learn how to ground myself and breathe. I am so thankful for the opportunity to serve others who teach me so much through their abilities to live life in the moment while being with their horse. The relationship between the client, facilitator, and horse has been an amazing gift.**

**My favorite horse is Brena. She has taught me how to be a volunteer. I also love how she just knows when I have had one of those days and walks over to allow me to be with her and then carries my burdens away as she moves across the farm.**

# HORSE SPOTLIGHT

"Chuck"

Chuck has lived several places in his life. He's about 15 years old. A friend of Misty's named Faith Connely donated him to a farm that Caroline, one of our facilitators, worked at in 2020. Chuck soon became friends with another donkey named George. When Caroline came to work at Wild Hearts, the farm she came from donated Chuck and George. Every vet who has seen Chuck says that he is the best donkey they've ever worked with. He is thoughtful, observant, and carries a lot of wisdom. He likes music and definitely likes the mares.

**MARK RASHID  
HORSEMANSHIP  
CLINIC**

**WILD HEARTS  
EQUINE THERAPEUTIC CENTER  
MARCH 2023**

## **Mark Rashid Horsemanship Clinic** with Crissi McDonald, Gray Kyle-Graves, Dev Branham

Mark Rashid is an internationally known author and horseman known for his ability to understand the horse's point of view and solve difficult problems with communication rather than force. If you are unfamiliar with Mark's philosophy of softness with horses, please visit [www.markrashid.com](http://www.markrashid.com). Your life will be forever changed, and your horse will thank you.

There are still just TWO rider lesson spots open, as well as a handful of body work sessions for your horse. Auditors are also welcome every day, including Mark's demo/discussion on Thursday evening. This is an opportunity to listen and learn, ask questions,

and be enlightened.

## SCHEDULE

- **March 14–16: Hourly One-on-One Lessons with Dev**
- **March 16: Mark Rashid Pre-Clinic Demo/Discussion**

Crissi is a lifelong horsewoman, Mark's wife, a clinician, author, photographer, and Masterson Certified Bodyworker / Instructor. There are three passions that have been central to her life: horses, writing, and photography. She is consistently amazed at how horses, writing, and photography can be combined to create an experience that borders on the magical.

Gray grew up loving horses. From a smiling toddler sharing a saddle with her mom to a horse-crazy kid coming up in the hunter/jumper world, she has always felt a connection with and a calling to work with horses. She has worked with Mark Rashid since 2009 and is his Senior Assistant Instructor.

Dev has been training and teaching in the hunter/jumper disciplines since 2004. In 2013, Dev discovered Mark's work and dove headfirst into the concepts of principle-based horsemanship and softness. In 2018, he became an assistant instructor with Mark, allowing even more opportunity to learn and embody softness through teaching.

## Masterson Method® Light to the Core Hands-on Seminar-Workshop

This Masterson Method® Weekend Seminar-Workshop is the next practical step to take after viewing the Light to the Core [video](#).

In this hands-on Weekend Seminar-Workshop, you will learn subtle, gentle, simple bodywork that has the ability to profoundly affect the deepest interconnections of the horse's body. Light touch principles are the foundation for the entire Masterson Method Bodywork.

### What's in it for you?

- Improved relationship and communication with your horse.
- Make your horse more relaxed and comfortable.
- Enable your horse to overcome limitations and restrictions that stand in the way of reaching his full potential.

"If you want to learn how to connect on a deeper level with horses, if you want to learn how to help your horse relax and release tension, this seminar is a must."  
-M. Leahy

Learn the  
LIGHT TOUCH  
that brings  
POWERFUL  
CHANGE

Masterson Method® Instructor, Carla Ball, has loved horses her entire life. She finally fulfilled her dream of working with horses later in life, after her education in hoof care. After studying hoof care and a holistic approach to horse care, her interests led her to study softness in horsemanship, natural balanced dentistry, biomechanics of the horse, biodynamic cranio-sacral work, and finally, The Masterson Method®. Carla is pleased to be part of the Masterson Method® Education Team, and share with you how rewarding this work really is for the practitioner and the horse. Carla has had many referrals for horses with apparent pain issues that affected the horse's behavior, where the owner didn't know where to turn next. She's been delighted to observe how horses improve with every session, and is happy to be able to share this wonderful work with you.

## Your Horse's Brain Seminar / Workshop with Dr. Steve Peters, Equine Neuroscientist

**July 28-30, 2023**

Dr. Peters is a board-certified Diplomate in Neuropsychology and past director of Intermountain Healthcare's Clinic for Brain Health and The American Fork Hospital Memory Clinic. For over a decade, Dr. Peters served in the role of Chief, Neuropsychological Services, for a large neurology practice.

During this informative two-day seminar with Dr. Peters, you will learn about the horse brain, how horses think (or don't think), observe live horse demonstrations with explanations of behavior, and take part in the dissection of a horse brain.

Dr. Peters is a neuroscientist specializing in brain functioning. As a horse brain researcher, he has given numerous equine brain science seminars and presentations throughout the U.S. and Canada and performed many horse brain dissections for students. He is the co-author with [Martin Black](#) of *Evidence-Based Horsemanship*.

Dr. Peters regularly presents at the [Best Horse Practices Summit](#) and collaborated with [Maddy Butcher](#) on *Horse Head: Brain Science & Other Insights*. He routinely collaborates with [Mark Rashid](#) and [Jim Masterson](#) (Masterson Method) on a two-day equine brain seminar, which resulted in the production of a DVD, *Your Horse's Brain: A User's Manual*. He often presents in joint seminars with [West Taylor](#) of Wild West Mustang Ranch, demonstrating equine brain science with the help of mustangs in the arena.

#### **SCHEDULE/COST**

- Friday, July 28: FREE Presentation open to the public
- Saturday/Sunday July 29-30: Lecture/Demo/Dissection  
\$300/pp
