OCONEE COUNTY SOLID WASTE

REAL TREES
RECYCLE

864-888-1440

Give A Gift To The Earth
Recycle Your Tree

Recycled Christmas Trees are ground into mulch that is sold
at the Oconee Solid Waste Complex.

Mulch is sold Wednesday - Friday
9:00 am to 12:00 pm and 1:00 pm to 3:00 pm

Grinding of the Greens

Oconee County citizens have a unique opportunity this holiday season to give a gift to the earth by recycling their live Christmas trees. Residents may drop their trees off at any of the eleven County Convenience Centers or the Solid Waste Complex on Wells Hwy for recycling. City residents may leave their Christmas trees curbside for pick-up or drop them off at a designated location in their city. All recycled Christmas trees will be ground into mulch at the Oconee Solid Waste Complex. Below is a list of locations where city residents may drop off their trees.

City of Seneca Parking Lot across from Seneca Depot

City of Walhalla Agricultural Building

City of Westminster Parking Lot at Westminster Depot

To encourage residents to take advantage of this program, Oconee Solid Waste had 10,000 waterproof Christmas tree tags printed advertising the tree recycling program. Tags were handed out to all local Christmas tree farms, stands, and local businesses selling trees. With the assistance of a local home school group, Christmas trees at Lowes in Seneca had tags tied to their branches.

Oconee Solid Waste encourages everyone to recycle live Christmas trees. Do not forget to remove tinsel, lights, ornaments and tree stands.

By recycling your tree, you are taking it to a **MULCH better place!**

Mulch is available for \$10.50/scoop Wednesday-Friday 9:00 am-12pm and 1:00pm – 3:00 pm. The Solid Waste Department will also deliver mulch within a 15 mile radius of the Solid Waste Complex to businesses for \$80/load (approximately 6 cubic yards). Call the Solid Waste Complex 888-1440 for further information.
