

# Foothills YMCA

WHY NOW?

## Past

- Charter for over 117 years
- Clemson property for Camp ONEOT and soccer
- Service area is Oconee County, Clemson and Central

## Present

- ASC in 10 schools in O. C.
- Spring and Fall Soccer, Summer Camp
- Wainhalla City Pool
- Wainhalla Summer Camp this year

## Why a facility?

- GHS/OMH want cardiac rehab/rehab pool
- SDOC wants swim lessons/summer learning
- Local industry feels it's vital for recruitment
- Provides community and recreational space for adults
- Can relieve Oconee Co. of its administrative burden

## Strategic Partners

- School District of Oconee County
- GHS/OMH Foundation
- Industry- 20 letters of support for a facility
- Clemson Aquatic Team
- Clemson University
- Oconee County

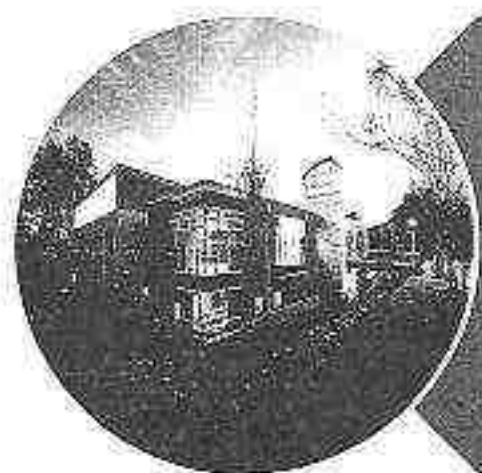

## National YMCA

- SC has 21 associations and 50 branches
- Partnerships with community run the gamut
- Best Practices and Policies
- Logistic Support and Advice

## Facility

- See Handout
- MacMillan, Pazden and Smith
- Hogan Construction

## Questions

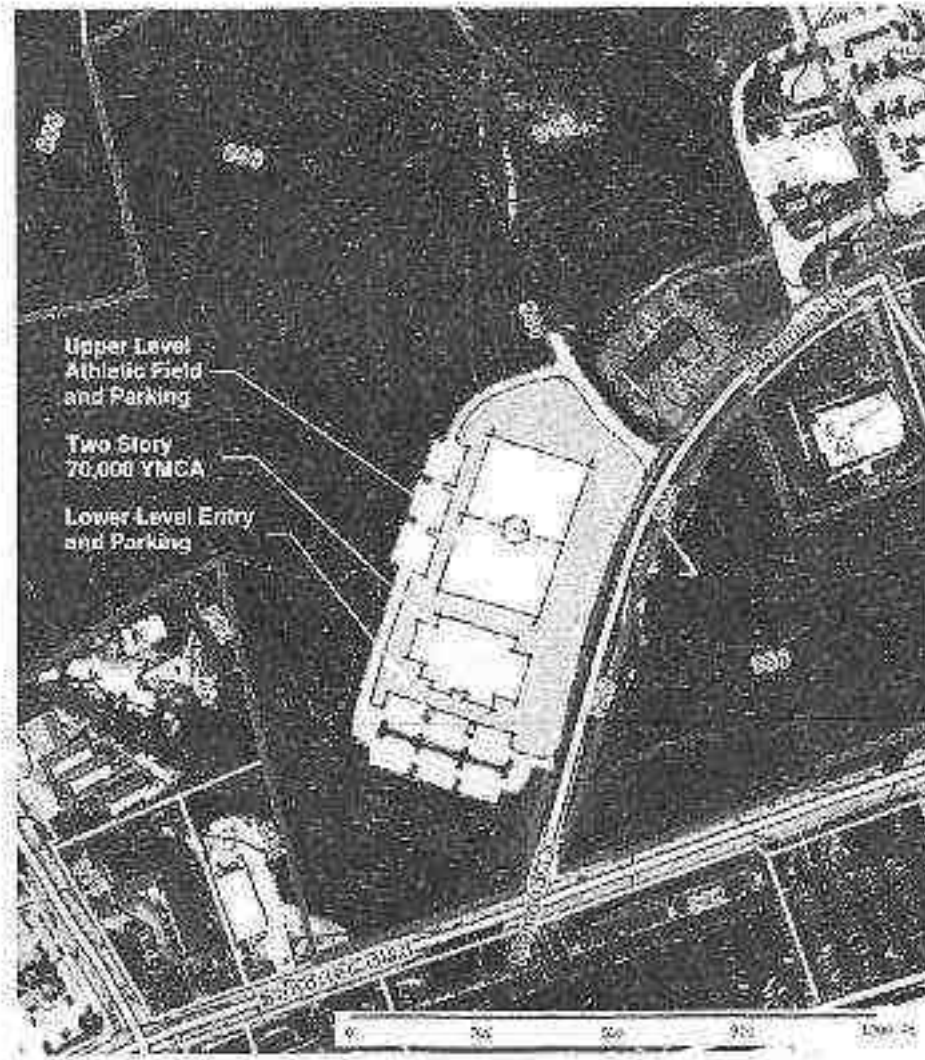

# Foothills YMCA Site Selection

# Why This Site?

- Visibility
- Grading
- Slope
- Ingress/Egress
- Possibilities down the road are access via Sheep Farm road as well.

# Conceptual Site Layout

# So What Is Next?

## ➤ Architecture Firm to Provide

- Programming
- Site analysis
- Conceptual design
- Perspectives

## ➤ This will allow us to

- Obtain images and materials representing the project
- Develop a proposed budget for the project

Richard,

On behalf of BorgWarner, I would like to my express my support of a YMCA in Oconee County. Having a YMCA is a wonderful opportunity for the local workforce and community because of its ability to offer recreational activities in a safe, secure, and well monitored atmosphere. Should the YMCA become part of our community, I will endorse it as an excellent source for health and fitness as well as providing learning opportunities and organized sports for my employees and their families.

I truly hope you will take this recommendation and the recommendations of my peers in Oconee County as confirmation of the need of a resource like this in our community.

Sincerely,

Chris Walsh  
Plant Manager

Dear Mr. Blackwell/Oconee Economic Alliance,

As a member of the local business community, with many employees residing in Oconee County, we are in full support of the establishment of a YMCA in the area. There are many positive aspects of having a "Y" built here. The YMCA would provide many opportunities and facilities that would support individual and organized sports and recreational activities for people of all ages. Programs at the "Y" would encourage members of the community to improve their physical fitness, and in turn, enhance their quality of life. The YMCA could also provide after-school and summer opportunities for the children of Oconee County. Finally, this facility might offer a variety of learning/personal growth activities and classes.

Dynamic Fluid Components supports having a YMCA in our community for so many positive reasons.

Respectfully yours,

Jessica C Smith  
VP Finance

Dear Sirs:

It is our pleasure to write a letter in support of a YMCA in Oconee County. It would definitely have a positive impact on the community with the programs and opportunities it would provide.

We look forward to hearing good news of a decision for a YMCA in the Seneca area. Please keep us in the loop as it comes to fruition.

Sincerely,

Mr. Richard Blackwell  
Executive Director  
Oconee Economic Alliance

Dear Richard:

I understand that the move to establish a YMCA in Oconee County is progressing forward. I want to make sure that you are aware that the addition of this type of facility is very important to Lift Technologies, Inc. The nature of our business is such that we require the recruitment of Technical Personnel and their families that most of the times are newcomers to our area. Having a YMCA locally provides an additional enticement to these young professionals. Also as healthcare costs continue to rise most insurance carriers are giving discounts to employees who can prove a healthy lifestyle.

Lift Technologies, Inc. considers the location of a new YMCA in close proximity to our business essential to our growth.

Best regards,

Greg Smith  
VP of Operations

May 5, 2015

To whom it may concern,

On behalf of the Oconee Economic Alliance, I want to take this opportunity to voice my support of having a YMCA in Oconee County. Oconee County has a need for an institution that supports healthy lifestyles, provides organized sports, and creates an atmosphere catered to education and building skills needed in teamwork. I am an advocate for the YMCA due to the benefit to Oconee County and its citizens.

It is my hope that you take this recommendation and the recommendations of the local industry leaders as confirmation of the necessity of a resource like this in our community.

Sincerely,

Richard K. Blackwell

Richard Blackwell - Oconee Economic Alliance  
528 Bypass 123, Suite G  
Seneca, SC 29678

On behalf of Schneider Electric and our 500+ associates, I would like to my express my strong support of a YMCA in Oconee County. "Quality of Life" is an important factor in the choices people make in their lives. If we in industry are unable to attract and/or maintain high quality talent, we will be unable to remain viable in today's highly competitive world where all communities are seeking new businesses to bring more jobs, more tax base.

Having grown up in a town with an active YMCA, I spent many hours at the "Y" – learning to swim, play basketball, racquetball and many other activities with became an integral part of my youth and development. Prior to moving to Oconee County, we lived in Sumter, where once again the "Y" was a huge part of the lives of young and old alike. We were thrilled when we moved to the Upstate with one lone exception – the significant drop in services and available programs offered at the local "Y". They did the best with what they had to work with, but the change was dramatic.

As plant manager here in Oconee, I can offer a real life incident where a highly talented, highly recruited young man and his family decided not to accept our job offer – after his wife (a very active participant at their local "Y") visited "the barn" site.

Full disclosure – I feel so strongly about the "value add" to the community, that I am now a volunteer myself on the "Y" Foundation Board. In my short tenure with the board, my respect and admiration for the current work the "Y" team does with so little – has significantly increased my commitment to securing a "Y" for Oconee. For example, the "After School" program they run, provides a great service to many of our associates whose work hours don't match well with the school dismissal times. The venture they took on last year to assist Walhalla with running the newly opened pool – provided another exceptional service to our community – desperately in need of a public pool that citizens could enjoy – and kids could learn to swim.

Our company recognizes the value that exercise and fitness contributes to our associates. Our "Healthy Lifestyles" initiative would be nicely complemented by the services and programs that would be offered at this local YMCA. I will endorse it as an excellent source for health and fitness as well as providing learning opportunities and organized sports for my employees and their families. As I write this, I am in the process of requesting a second donation - \$10,000 – to aide in the efforts to secure a "Y" in Oconee and plan to continue such support at every opportunity through Schneider Electric.

I truly hope you will take this recommendation and the recommendations of my peers in Oconee County as confirmation of the need of a resource like this in our community.

Sincerely,

*Larry*

Mr. Blackwell,

On behalf of The Sealed Air Corporation; Seneca Team, I would like to express our support of a YMCA in Oconee County and their global mission.

Because of its ability to offer recreational activities in a safe, secure, and well monitored atmosphere, a YMCA in Oconee County would be a fantastic opportunity for both the workforce and the community. Should the YMCA become a part of our community, I will endorse it as an excellent source for health and fitness as well as providing learning, leadership opportunities, and organized sports for my employees and their families.

I trust you will take this recommendation and the recommendations of my Oconee County peers as confirmation of this much needed resource.

Sincere Regards,

To Whom It May Concern:

May 4, 2015

The intention of this letter is to express full support for establishing a YMCA in Oconee County. I believe establishing a YMCA would further the sense of community that is already present here as well as provide additional family related activities, promote personal well-being and provide more options for organized sports and physical fitness. Furthermore, a YMCA in Oconee County would create new jobs as well as serve as an attraction point for families moving to the area.

Thank you for your time.

# AIRPORT LAND USE COMPATIBILITY

Planning & Economic Development Committee  
June 9, 2015  
Jose Stephens, County Director

## TITLE 55 - AERONAUTICS

- Title 55 essentially covers all facets of airport management and operations in South Carolina
- Revisions to Title 55 enacted in July 2012
- Staff was contacted by the South Carolina Aeronautics Commission regarding the impact of revisions:
  - Section 55-13-5

## REVISIONS TO TITLE 55

- Revisions introduced land use notification and review provisions:
  - SC Aeronautics must develop and provide airport safety and land use zone maps to local governments
  - Local jurisdictions must notify SC Aeronautics of certain proposed land use changes in those zones before permitting, and SC Aeronautics must respond to those changes
    - Ordinance development assistance
    - Compatible Land Use Evaluation (CLUE) tool

## AIRPORT LAND USE COMPATIBILITY

- Compatible land uses are those that:
  - Preserve public health, safety and welfare for people near airports
  - Comply with height, location and activity variables
  - Provide for safe airport operations
- Common compatibility concerns:
  - Structure height
  - Noise
  - Concentration of people
  - Wildlife attractants

## COMPATIBILITY PERSPECTIVE

### What a community sees:

- Residential Uses
  - Growth of tax base
  - Housing choices
- Commercial Uses
  - Growth of tax base
  - Sales/hospitality tax
  - Tourism
  - Jobs

### What the airport sees:

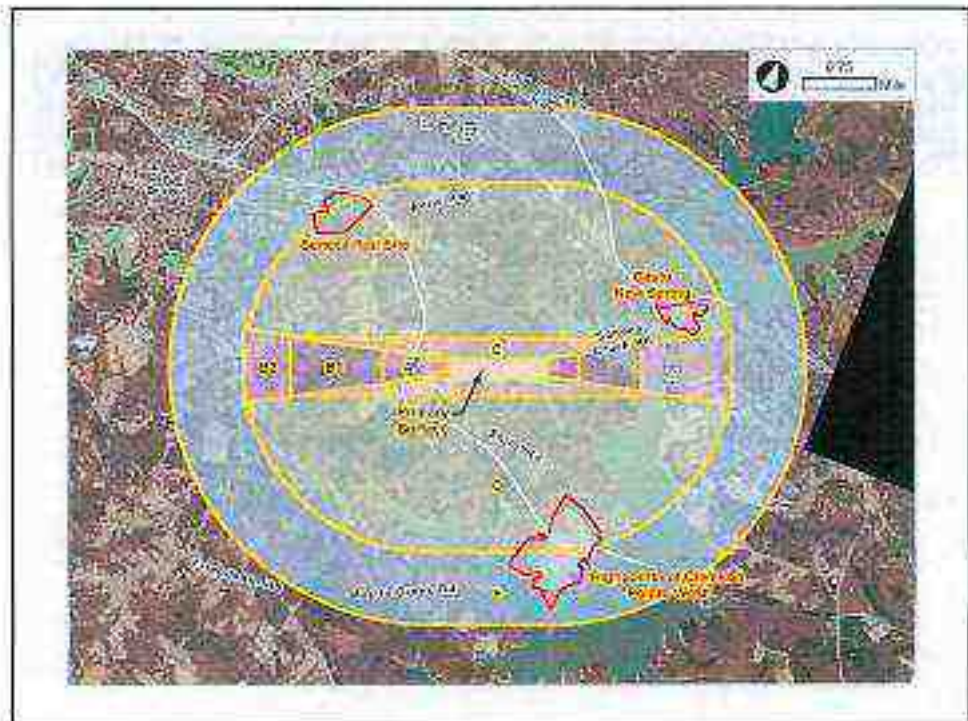

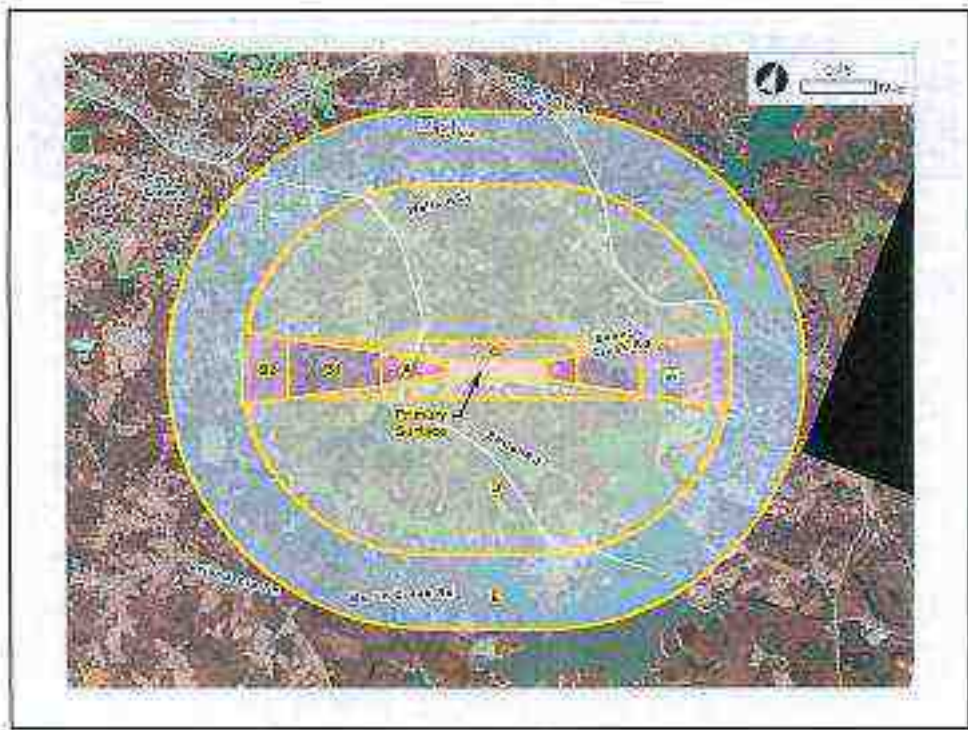

- Residential Uses
  - Concentrations of people
  - Noise concerns
- Commercial Uses
  - Concentrations of people
  - Visual obstructions
  - Wildlife attractants
  - Structure height concerns

## IMPORTANCE OF COMPATIBILITY

- SAFETY!
- FUNDING, FUNDING, FUNDING
  - Federal Aviation Administration
  - South Carolina Aeronautics Commission
  - Grant Assurance 21
- Incompatible lands uses can reduce:
  - The value of airport as economic asset (Industrial recruitment)
  - General investment opportunities
  - Grant funding

6/9/2015

## MOVING FORWARD

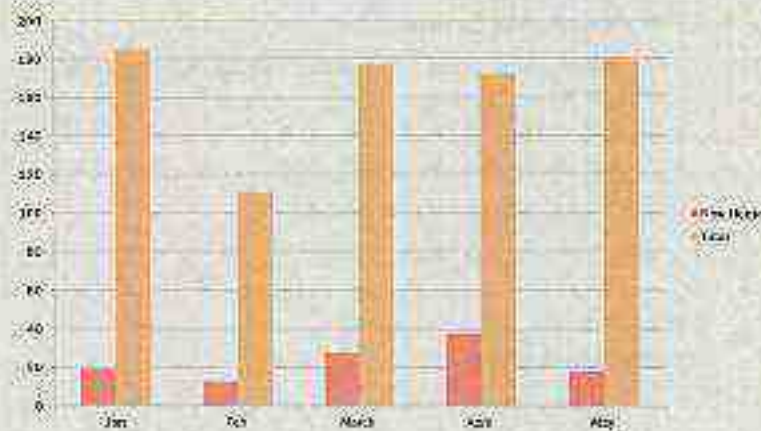

- Brief the Planning Commission
- Receive ordinance development assistance from SC Aeronautics Commission
- Stakeholder engagement
- Facilitation of notification in cooperation with projects
- Planning Commission drafts ordinance
- Intergovernmental Coordination
  - City of Seneca
  - City of Clemson
  - Clemson University

## PLANNING UPDATE

Seneca  
Economic  
Development  
Commission  
June 8, 2015  
John Williams,  
County Director  
Wm. Holbrook,  
Strategic Planner

## BUILDING PERMITS

## PLANNING & ZONING

- Subdivisions:
  - Development pipeline is filling up and projects are moving forward:
  - Sketch Plan
    - Nine Points
    - Sunset Island
    - Sugarhill Point
  - Preliminary Plan
    - Little Keowee Bay
    - Sunset Cove
    - Cottages at Riverbriar
  - Final
    - Peninsula Pointe Phase 2
    - Additional units at Pointe West

## COMPREHENSIVE PLAN

- Planning Commission will complete preliminary review of Goals in June/July
- Community based meetings begin in second half of summer

## COMMUNITY DEVELOPMENT

- Workload Planning:
  - Project Sarah, Casto Development & others
  - Staffing needs
    - Training
    - Inspections
    - Permitting
  - Funding
    - Permit and Plan Review Fees
- One-Stop Shop:
  - Going to begin working with partners to expand use of software:
    - Westminster, Waltham, West Union, Salem - business license and zoning/land use approvals
    - DHSC - septic permits
    - DOT - encroachment permits

## STRATEGIC PLANNING

- **Keowee-Toxaway Project Relicensing.**
  - License Application Recently filed by Duke Energy (12,923 pages in document)
  - FERC Issued "REA" Notice of February 5<sup>th</sup> - Major Milestone in Relicensing Process
  - Notice Triggered Deadline for Duke to File any Amendments to Application
  - Also Required Duke to Request Water Quality Certification from SC DHEC - Comment Period Ended in May
  - Based on Latest Information Relicensing On Track- New License Scheduled to be Issued in August 2015
