

**PLANNING & ECONOMIC DEVELOPMENT
COMMITTEE MEETING
AGENDA**

**October 3, 2017
4:30 P.M.**

Oconee County Administrative Offices
Council Chambers
415 South Pine Street, Walhalla, SC

1. Call to Order
2. Approval of Minutes:
 - June 20, 2017
3. Discussion and action regarding Traditional Neighborhood Development
4. Economic Development Update
5. Unfinished Business
5. New Business *(to include Vote and/or Action on matters brought up for discussion, if required)*
6. Adjourn

*There will not be a scheduled opportunity for public comment at this meeting.
Council members will discuss recommendations from the Administrator at this meeting.
If time permits at the end of the meeting (and at the discretion of the Director), the Commission may take questions from the public.*

[This agenda is not inclusive of all issues which the Committee may bring up for discussion at this meeting.]

*Assisted Listening Devices (ALD) are available to accommodate the special needs
of citizens attending meetings held in Council Chambers.
ALD requests should be made to the Clerk to Council at least 30 minutes prior to the meeting start time.*

Oconee County Council & Committee meeting schedules and agendas are posted at the Oconee County Administration Building and are available
on the County Council Website www.oconeesc.com/council.html (All upcoming meetings will be held in Council Chambers unless otherwise noted)

Patrick Square

OVERVIEW:	Patrick Square is a traditional neighborhood development (TND) with architectural styles of the 19 th and early 20 th centuries found in the eastern United States. Located in Clemson, South Carolina on 173 acres, the community will eventually have 435 residences within walking distance of a Town Center and preserve over a third of the property (59+ acres) as open space. Residential product types include single family homes, townhomes, and condominiums. The Town Center will feature 250,000 SF of mixed commercial space anchored by Clemson University's Osher Lifelong Learning Institute and the Inn at Patrick Square.
DEVELOPER:	JMC Communities, St. Petersburg, FL President/Owner: Michael Cheezem Project Manager: Jason Armstrong Town Center Manager: Chris Hodge
URBAN DESIGNER:	Tort Gallis and Partners, Silver Springs, Md
RESIDENTIAL DESIGNER:	Law Oliver, CEO of Whole Town Solutions, in Atlanta, Ga.
BUILDERS:	JMC Homes of South Carolina – Village and Cottage Homes Genco Construction – The Inn at Patrick Square Hogan Construction – Restaurant/Retail Trehel – Baptist Easley Medical Facility Marsh Bell – Restaurant/Office Yeargin Potter Shackelford – Cheezem Education Center
RESIDENTIAL TIMELINE:	Infrastructure on the first phase began in 2008 and the first model homes opened in 2009. The 100 th home was completed in December 2014. Townhouses were introduced Summer 2015. Approximately 200 homes have been sold to date.
TOWN CENTER TIMELINE:	The Cheezem Education Center and Village Green were built in 2012. Building C including Rick Erwin's Clemson and multiple offices were completed in 2014. Building E with Joe's New York Pizza and Patch Living were completed 2015. The Inn at Patrick Square, medical facilities by Baptist Easley Hospital and the Building P project were completed in 2017. Dominion Senior Living started their Assisted Living and Memory Care project in 2017 for a 2018 opening. Current commercial opportunities include leasing of retail/office suites and pad sales for custom development.
ENVIRONMENTAL NOTES:	Patrick Square is the first community in South Carolina to receive EarthCraft Community certification. Patrick Square was recognized as the 2010 EarthCraft Community of the Year.
NATURAL AMENITIES:	Natural features include a 42-acre floodplain of streams and wetland with an enhanced ecological park of native trees, grasses and plants and a 5-acre lake, a community garden, walking paths, bike trails, boardwalks, and a footbridge to nearby Nettles Park.

VILLAGE GREEN:

One-acre event venue and public gathering space at the heart of the Town Center. Facilities include brick restroom and catering buildings, grand patio, lush lawns and picturesque pavilion with copper roof and elegant arched openings. Uses include Clemson Farmers Market, movie nights, concerts and private wedding parties.

Sec. 38-10.2. - Control free district (CFD).

The control free district is intended to be the initial zoning district for all parcels within the jurisdiction at the time of initial adoption of zoning in Oconee County, only; any parcel subsequently rezoned to any other district shall not be a part of the control free district at any future date.

*Dimensional requirements:**

Residential Uses	Density and Lot Size			Minimum Yard Requirements			Max. Height
	Min. Lot Size	Max. Density	Min. Width (ft.)	Front Setback (ft.)	Side Setback (ft.)	Rear Setback (ft.)	Structure Height (ft.)
	N/A	N/A	N/A	25	5	10	65
Nonresidential Uses	Minimum Lot Size		Min. Width (ft.)	Minimum Yard Requirements			Max. Height
	Min. Lot Size			Front Setback (ft.)	Side Setback (ft.)	Rear Setback (ft.)	Structure Height (ft.)
	N/A		N/A	25	5	10	65

(Ord. No. 2012-14, § 1, 5-15-2012; Ord. No. 2015-15, § 2(Att. B), 6-2-2015)

Sec. 38-10.15. - Planned development district (PDD).

Title: Planned development district.

Definition: Those areas suitable for relatively intense mixed-use development that offers significant amounts of open space and designed amenities that enhance the surrounding scenic, natural, and cultural characteristics.

Intent: This district is intended to allow flexibility in development that will result in improved design, character, and quality of new mixed-use developments in order to preserve natural and scenic features of open spaces that might be negatively impacted by more restrictive zoning districts.

Definitions: For the purposes of this district, the following definitions shall apply.

- (1) **Impervious surface ratio (ISR)** —The ratio of impervious surface area to a development's total area (ISR = Area of Impervious Surface/Total Project Area).
- (2) **Open space** —Portions of a project not occupied by private lots, amenities, public road right-of-ways, or other restricted or built-upon areas, that are generally accessible for passive recreational use by the development's residents, tenants, patrons and guests. Open space shall not include lawns, landscaping, and other areas considered accessory to a specific amenity or structure, but may include required buffer areas.

Uses:

Permitted uses: A listing of uses permitted within a particular planned development district shall be contained in a plan adopted as part of the regulations applying to that district only. Uses may be of similar residential or commercial character, or may consist of a mix of residential, commercial, or other appropriate uses. Uses shall be restricted to those listed in the adopted plan.

Dimensional requirements:*

Project Area, Density and Open Space			Minimum Yard Requirements and Lot Size		Max. Height
Min. Project Area	Max. Density	Min. Open Space	Front, Side and Rear Setbacks	Min. Lot Size	Structure Height (ft.)
5 acres	Set in approved plan	15% of Site Project Area	Set in approved plan	Set in approved plan	65

*See Article 9 for general provisions and exceptions to dimensional requirements.

Additional requirements:

- (1) With the exception of the draft ordinance of amendments necessary to amend these zoning regulations to approve the planned development, all draft plans, agreements, or other materials related to the establishment of a planned development district shall be the responsibility of the developer.

- (2) All such plans shall be stamped and signed by an appropriate design professional licensed by the State of South Carolina.
- (3) Proposed planned developments shall meet standards established for non-residential parking, buffering/screening, and lighting established in Appendix A of Chapter 38 (Zoning) of the Oconee County Code of Ordinances, as amended.
- (4) All commercial signage in proposed planned developments shall be designed and located so as to avoid any negative impacts on neighboring uses both inside and outside the development. All road signage shall meet the standards established in the latest edition of the Manual of Uniform Traffic Control Devices.
- (5) All variations from adopted county regulations shall be specifically and clearly stated in the approved plan. Any regulation, standard or requirement not varied in an approved plan shall be strictly applied.
- (6) Proposed planned developments shall consist of a use mix of no less than five percent commercial, and 20 percent residential.
- (7) All historic and/or culturally significant structures and sensitive natural areas within the boundaries of the proposed planned development shall be identified on plans, and protected, preserved and maintained by methods endorsed by appropriate state and federal agencies. A maintenance plan for each such significant or sensitive feature shall be included as part of an approved planned development plan.
- (8) To the extent possible, all proposed planned developments shall be designed to provide for pedestrian and bicycle traffic, with 'bicycle lanes' included on roads designed to accommodate more than 400 average daily trips (ADT's). An all-weather trail or sidewalk designed to safely accommodate both pedestrian and bicycle traffic may be approved in lieu of this requirement.
- (9) Stormwater control measures shall be designed and maintained so as to adequately ensure post-construction runoff generated from planned development meets minimum requirements as defined by state regulations. Low impact development (LID) measures utilizing controls such as natural infiltration and vegetative conveyance systems, as well as stormwater wetlands, bioretention areas, and vegetative filter strips are encouraged to be utilized to the extent possible.

Zoning Use Matrix

Uses	TRD	AD	ARD	CD	RRD	PRLD	RD	LRD	CCD	HCD	ID	MUD
	Zoning Use Matrix											
Agricultural production, crops, livestock, and poultry	P	P	X	P	P	X	X	X	X	X	X	X
Agricultural production, crops, livestock, and poultry (excluding commercial chicken houses, commercial hog parlors, and commercial feed lots)	P	P	P	P	P	X	P	X	P	P	P	X
Agricultural support services- veterinarians, kennels, feed/seeds, supply	P	P	P	X	P	X	X	X	P	P	P	X

Sec. 38-10.15. - Planned development district (PDD).

Sec. 38-10.13: – Planned development district (PDD).

Title: Planned development district.

Definition: Those areas suitable for relatively intense mixed-use development that offers significant amounts of open space and designed amenities that enhance the surrounding scenic, natural, and cultural characteristics.

Intent: This district is intended to allow flexibility in development that will result in improved design, character, and quality of new mixed-use developments in order to preserve natural and scenic features of open spaces that might be negatively impacted by more restrictive zoning districts. **Any project or parcel zoned into Planned Development District may not apply to be rezoned to any other zoning within 25 (OR __) years.**

Definitions: For the purposes of this district, the following definitions shall apply:

- (1) **Impervious surface ratio (ISR)**—The ratio of impervious surface area to a development's total area (ISR = Area of Impervious Surface/Total Project Area).
- (2) **Open space**—Portions of a project not occupied by private lots, amenities, public road right-of-ways, or other restricted ~~or built~~ open areas, that are generally accessible for active & passive recreational use by the development's residents, tenants, patrons and guests. Open space shall not include lawns, landscaping, and other areas considered accessory to a specific amenity, ~~except for vegetated parking islands,~~ or structure, but may include required buffer areas. **These open spaces are defined in Appendix A.**

Uses:

Permitted uses: A listing of uses permitted within a particular planned development district shall be contained in a plan adopted as part of the regulations applying to that district only. Uses may be of similar residential or commercial character, or may consist of a mix of residential, commercial, or other appropriate uses. Uses shall be restricted to those listed in the adopted plan.

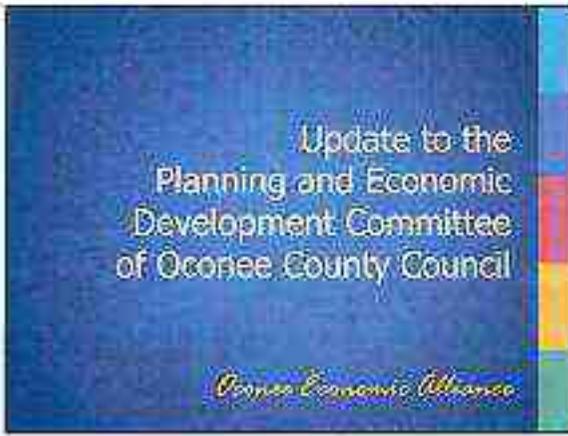

Dimensional requirements:*

Project Area, Density and Open Space			Minimum Yard Requirements and Lot Size		Max. Height
Min. Project Area	Max. Dwelling Units per Acre ratio	Min. Open Space to Density requirement ratio	Front, Side and Rear Setbacks	Min. Lot Size	Structure Height (ft.)
5 acres	Set in approved plan	15% of 544 Project Area	Set in approved plan	Set in approved plan	65
	5-16	20%			
	17-25	25%			
	26+	30%			

*See Article 9 for general provisions and exceptions to dimensional requirements.

Additional requirements:

- (1) With the exception of the draft ordinance of amendments necessary to amend these zoning regulations to approve the planned development, all draft plans, agreements, or other materials related to the establishment of a planned development district shall be the responsibility of the developer.
- (2) All such plans shall be stamped and signed by an appropriate design professional licensed by the State of South Carolina.
- (3) Proposed planned developments shall meet standards established for non-residential parking, buffering/screening, signage and lighting established in Appendix A of Chapter 38 (Zoning) of the Oconee County Code of Ordinances, as amended.
- (4) All parking shall be within the project site and shall conform to current SCODT regulations.
- (4) ~~All commercial signage in proposed planned developments shall be designed and located so as to avoid any negative impacts on neighboring uses both inside and outside the development. All road signage shall meet the standards established in the latest edition of the Manual of Uniform Traffic Control Devices.~~
- (5) All variations from adopted county regulations shall be specifically and clearly stated in the approved plan. Any regulation, standard or requirement not varied in an approved plan shall be strictly applied.
- (6) Proposed planned developments shall consist of a use mix of no less than five (OR ___) percent commercial and 20 (OR ___) percent residential.
- (7) All historic and/or culturally significant structures and sensitive natural areas within the boundaries of the proposed planned development shall be identified on plans, and protected, preserved and maintained by methods endorsed by appropriate state and federal agencies. A maintenance plan for each such significant or sensitive feature shall be included as part of an approved planned development plan.
- (8) To the extent possible, all proposed planned developments shall be designed to provide for pedestrian and bicycle traffic, with 'bicycle lanes' included on roads designed to accommodate more than 400 average daily trips (ADT's). An all-weather trail or sidewalk designed to safely accommodate both pedestrian and bicycle traffic may be approved in lieu of this requirement.
- (8) Stormwater control measures shall be designed and maintained so as to adequately ensure post-construction runoff generated from planned development meets minimum requirements as defined by state regulations. Low impact development (LID) measures utilizing controls such as natural infiltration and vegetative conveyance systems, as well as stormwater wetlands, bioretention areas, and vegetative filter strips are encouraged to be utilized to the extent possible. Storm water shall conform, at minimum to Oconee County Code of Ordinances 32-2.16
- (10) Roadway and sidewalk design shall be submitted to Community Development and Roads & Bridges departments for review if not in compliance with County Standards. If designs submitted are outside of County standards then the applicant may apply for a variance with the Oconee County Board of Zoning Appeals, OR Roads & Bridges can administratively approve. No project site may have more than one curb-cut every 500' to external County or State roads.
- (11) Water facilities shall comply with Sec. 32-217 - Water facilities.
- (12) Security in lieu of completion of improvement shall comply with Sec. 32-219.
- (13) Submittal shall comply with Sec. 32-220 through 32-223 (Subdivision submittal process)

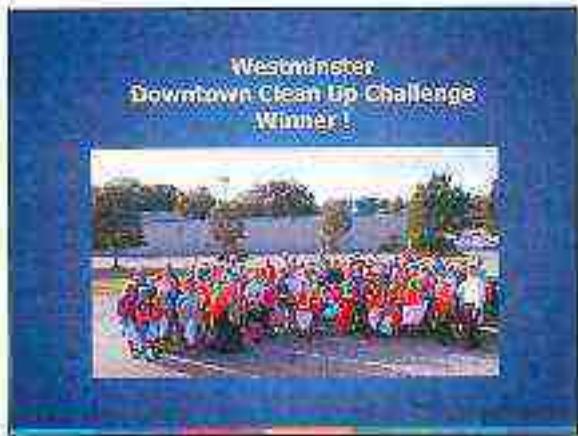

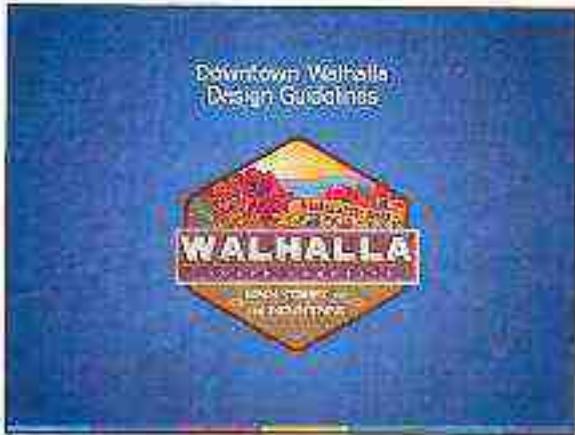

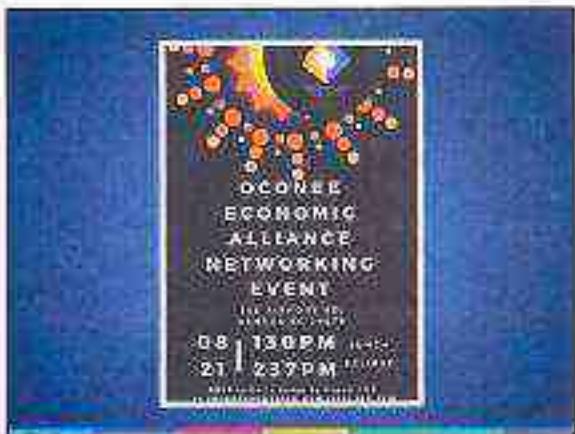

Economic Development (EMD)

- 2011-2017: 1,665 new jobs
- \$497,226,101 Cap. Invest
- 32 completed deals

August 2017 Unemployment Rate:

- 4.5%
- (Aug. 2016: 5.2%)

Direct Labor Participation:

- 33,667 Direct Orders employed by EMD
- (Aug. 2016: 32,441 // January 2017: 28,763)
- Highest number of people employed EVER!

Celebrate Uberch's Decision

- Washington will consider decision... 100 jobs saved.
- Ubich Solar Technologies Oregon LLC will close its doors effective August 1, 2017. The solar array plant in Hillsboro, Oregon opened in May of 2011.
- The decision comes as the North American solar market continues to experience tremendous pricing pressure due to the reduction of solar imports.
- Ubich will continue to operate its other businesses in Washington, South Carolina and Henderson, Arizona, offering highly engineered PV racking products.

Geosce County Job Fair

- First ever joint initiative
- 32 companies represented
- Looking to fill 250 jobs
- 600+ people attended
