## Petitioning Oconee County Capital Project Sales Tax Commission

### Please list the fully funded Oconee County Public Library Project in the November referendum

**Oconee's libraries, vital to our county's economic health and quality of life, need your urgent support.**

- The last investment in facilities was 29 years ago.
- Our facilities are cramped, crowded and insufficient.
- OCPL does NOT meet SC standards.
- Usage continues to rise: 60% of Oconee citizens have cards.
- Wifi/computer services are grossly inadequate with only 33 public computers.

**Libraries provide:** visible commitment by the community to quality of life, programs and activities enriching all, traditional media as well as vital public access to internet information, a basic necessity to meet today's lifelong learning demands, and marketing tool for new businesses/residents.

**Construction proposed by the OCPL Board of Trustees will positively affect every Oconee citizen.**

- Fair Play – New 7,000 sq. ft. branch
- Salem – 7,000 sq. ft. replacement for current 1,025 sq. ft. branch
- Seneca – 45-year-old, 9,000 sq. ft. facility will be replaced with 32,000 sq. ft. facility
- Walhalla – Renovation and reconfiguration of existing 22,500 sq. ft. facility
- Westminster – 34-year old facility will be enlarged by 3,250 sq. ft. and completely renovated

**The OCPL system, a vital county resource, needs urgent support. Oconee residents deserve a library system that enriches quality of life and offers tools to boost economic growth for all.**

**We urge you to list the OCPL project to be funded through the November referendum.**

Holly McPheters	Fair Play, SC	2014-03-08	The OCPL system is vital to the quality of life of the residents of Oconee county, SC
Lisa Manglio	Clemson, SC	2014-03-08	As a former educator, and current student in Nursing, I fully understand the value of a great library. With the rise of technology it is even more important to provide not just books, but access to technology and computers that many residents would otherwise not be able to use. I am currently in Pickens County, but I am still a member of the Walhalla library, and I plan on moving back to Oconee County upon graduation. When a community does not support its libraries, I feel this sends an inappropriate message to the younger generations. What could be more important to the community than a building that shares up to date knowledge?
Roberta Grider	Salem, SC	2014-03-08	Up to date library facilities are critical to the education of our children and adults.
Fangfa Field	West Union, SC	2014-03-08	It is a critical part of our and every community
Adrian Freeman	Prattville, AL	2014-03-08	This is important because reading and a proper reading environment and book availability is important to our young-to-old being able to read to learn.
marilyn NORTON	Seneca, SC	2014-03-08	My family uses the library in Seneca regularly and as a former educator I know the importance of reading for children.
Elie Taylor	Seneca, SC	2014-03-08	Libraries are vital to the future of our communities - places to learn, share, and grow smart kids. Our Oconee County libraries are too out of date and have not been upgraded for years - they need to match the quality of the beautiful libraries in neighboring Easley and Clemson-Central.
Emily Whitmire Sklar	Seneca, SC	2014-03-08	The Seneca library building is dilapidated and inaccessible. Improvements are surely needed to the other facilities. Newcomers and businesses expect investment in cultural institutions.
Linda Holt	Seneca, SC	2014-03-08	Oconee public libraries provide education and opportunities that are critical for our county residents future
Bill Carter	Townville, SC	2014-03-08	Our libraries need updating.
Gretchen Fuller	Fair Play, SC	2014-03-08	I recently went to the library and got my card. I was surprised at how inadequate it was. There was a dirty carpet smell that made me think the kids sit on this floor for a long time. There are so many issues that need to be addressed to bring it up to the a standard that we all deserve. I also do not think there a big enough separation between the adults and children corner. The libraries are in need of serious updating.
margan stowell	Seneca, SC	2014-03-08	The people of Oconee County deserve the opportunities afforded by an up-to-date library
William Bruhl	Seneca, SC	2014-03-08	Raising our level of knowledge is Oconee's Primary responsibility!
Linda Duffy	Fair Play, SC	2014-03-08	Communities need to keep up with access of technology for all children and adults who do not have that available to them. It is a positive community gathering place for learning and sharing.
Liz Kuehniaker	Mountain Rest, SC	2014-03-08	Libraries are the hub of our communities.
Mary-Oram	Pendleton, SC	2014-03-08	The resources in libraries are available to everyone regardless of age, gender, race or income level.
Lou Laffler	Seneca, SC	2014-03-08	Libraries are essential to knowledge and the sharing of information, especially in the age of the Internet.

Robert Andrews	Salem, SC	2014-03-08	Who needs a place to receive new technologies
Ellen Koshansky	Pickens, SC	2014-03-03	When we moved to this part of the world, my mother used the visibility of a town's public library as her test of a civilized society. It still works as that indicator.
Maria McMahon	West Union, SC	2014-03-03	A good library system is necessary to the every community
Baibara Lee Lester	Seneca, SC	2014-03-08	Books open new worlds to those just learning to the very oldest
Ellen Zick	Salem, SC	2014-03-03	Libraries support literacy and community awareness--they are indispensable. MODERN libraries are a magnet for everyone.
Theresa Bryson	Westminster, SC	2014-03-03	I live very close to our library. I am amazed at the usage, parking lot is at times full.
Judy Buck	Salem, SC	2014-03-03	Our county public libraries are an extension of our public education system. A respectable public education system is the foundation of a democracy. It is vital that we offer up-to-date library facilities and services for ALL Oconee County citizens
Charbba Habree	Germson, SC	2014-03-03	Because libraries provide a very valuable educational resource to all ages in a community.
Sharon Cox	Seneca, SC	2014-03-03	I and many others need and use the library weekly. It needs to be up to date.
Stephen Johnson	Westminster, SC	2014-03-04	I love libraries!
Anne Grant	West Union, SC	2014-03-04	Libraries are the heart of any community.
Lynn Friedman	Seneca, SC	2014-03-04	Old libraries in Oconee County are seriously out of date and a population who reads is a population that is aware of what is going on.
Judy Hammar	Seneca, SC	2014-03-04	As a homeschooling family, we rely on the libraries to support our schooling efforts. We use the library almost weekly!
Charles Mackie	Long Creek, SC	2014-03-04	It is an essential part of our educational system.
Carolyn Keese	Seneca, SC	2014-03-04	I have 4 grandchildren growing up in this community. I want them and all of us to have the most up-to-date technology and adequate space in a modern library. We are so far behind where we need to be in this county...now is the time to fix it!
Cayce Wilkinson	Seneca, SC	2014-03-04	Our libraries are an extremely important service for the community and we desperately need an update!
Kevin Larkin	Seneca, SC	2014-03-04	Libraries serve all citizens - the young, old, working, retired. They give back far more than our investment in them. It is long past time for the facility upgrades and improvements.
Amba Bearden	Seneca, SC	2014-03-04	I can in good conscience add my name to this petition, mainly because the folks on the Library Board and County Council changed their minds about the location of the Seneca Library. The only rational location for the new Seneca Library is its current location for several reasons, the main one for me is that the current library is on the CAT bus route, where patrons can get on and off the bus on the same side of the street as the building. The other location considered were not on the CAT bus route or had an CAT bus stop located (on N. First near Subway) where patrons would have had to cross a busy four-lane street near the extremely busy intersection of Hwy 123 and E. South 1st St. in Seneca. Imagine a mom or dad with children and an armload of books crossing busy E. North First St. - a disaster waiting to happen. Because of the location decision, I agree with listing OCPIL project in the November referendum.
Andrew Mount	Mountain Rest, SC	2014-03-04	Everyone needs a functioning library

 Patrick Morgan	Salem, SC	2014-03-04	The ability to serve as much of the population as possible and to take advantage of the systems, resources, and technologies is essential.
Yoni Reynolds	Salem, SC	2014-03-04	Everyone should and needs access to a great educational/library system.
Richard Hy	Fair Play, SC	2014-03-05	A public library is essential to Oconee County. I use the library regularly. It is routinely used by children, both as individuals and in group programs, and it is used by many people needing internet access. Please fund the Public Library Project.
Susan Chandler	Seneca, SC	2014-03-05	If there is one thing that should be of utmost importance to Oconee County is to support literacy and anything that helps our citizens to be better informed.
Marta Becker	Seneca, SC	2014-03-05	The Seneca Library is very important to the community, and the current building is, quite frankly, a disgrace. I joke with my kids that it's as old as I am and it hasn't been updated or added onto in all that time. A small, ugly, forty-two year old building in poor shape is not in keeping with a town that is striving to grow and attract new industry, and improving such an important part of our community should be paramount and not discounted as unimportant.
Ernan Jacobson	Long Creek, SC	2014-03-05	Access to modern libraries is critical to improving the economy
Jessica Crocker	Seneca, SC	2014-03-05	The library is a staple in the community. It promotes life long learning and is a resource to everyone. It is a place where the unemployed can look for work, where children can take part in free, educational events, where adults can go to enjoy a book, movie, or just a quiet place to get things done.
Becky Hatherington	Seneca, SC	2014-03-08	The proposed libraries upgrade is an investment in the future of the children and businesses in Oconee County. Without it, neither will be successful.
 ROGER ROLLIN	SENECA, SC	2014-03-08	NO AMOUNT OF TOURISM PROPAGANDA CAN DISGUISE THE COUNTY'S FAILURE TO PROVIDE ADEQUATE LIBRARY SERVICES
Nancy Ann Woods	Seneca, SC	2014-03-08	We really need to update our libraries for the good of all the citizens!
Rhonda Coddell	Seneca, SC	2014-03-08	The community library should be important to everyone. It has been a focal point for my life since I received my first library card at 6 years old.
Elián Holz	Seneca, SC	2014-03-09	Why is this important? A better question is why is it not? Libraries serve too many functions to list here, not the least of which is education and fostering a love of reading. The power to read the written word allows a person to achieve anything. We have outgrown our facility, physically and technologically. Please make this important investment in Seneca's citizens!
Mary Bowman	Seneca, SC	2014-03-07	A new clean and modern library will provide a boost to all ages in our community from toddlers to seniors; one need only to see all the activities at the Clarkson Central library and others to fully appreciate how a library can enrich the life of the community.
David Sumrell	Seneca, SC	2014-03-08	Libraries are critical to the quality of life and literacy of any community. Please support this critical need.
John Pressoff	Seneca, SC	2014-03-08	Anything that will help the highest educational/intellectual level of this county needs to be supported.
Donna Burrell	Seneca, SC	2014-03-08	Strengthens Community
Nora Field	Seneca, SC	2014-03-08	Libraries are essential for the intellectual well-being of the community and need to be properly funded!
 Lacey Whitling	New Haven, CT	2014-03-10	My sister works at the library and my family lives in the community. I know how much the libraries mean in the area.

Megan Milford Dickson	Stuckton-on-Tees, United Kingdom	2014-03-10	I'm a public librarian who grew up in Georgia (in that other Coconee County) and now live and work in the UK. The branch library I managed, the heart of my local community, was closed permanently just last week due to budget cuts and a complete unwillingness on the part of the local council to prioritise access to essential services, and so I fully support investment in the future of public libraries, no matter where they may be located.
JoelAnn Buddy	Seneca, SC	2014-03-10	We need an updated current library for all our citizens in Oconee Co. to provide reading and educational materials, a substandard library is UNACCEPTABLE!
Laura Guilman	Ocala, FL	2014-03-10	Libraries are the heart of communities where young and old can find a comfortable place to interact, learn, share. It's the best investment a community can make in its future.
Shannon Spenswale	Tombesee, SC	2014-03-11	The library provides wonderful early childhood programs to promote the love of reading at an early age which is foundational to the education of children.
Ann Souders	Salem, SC	2014-03-11	The library is a vital part of my world. Books, seminars, consumer information, etc.
Sylvia Flumer	WALHALLA, SC	2014-03-11	I constantly use the library. without libraries our COMMUNITY would deteriorate Sylvia Flumer

Oconee's libraries, vital to our county's economic health and quality of life, need your urgent support.

- The last investment in facilities was 29 years ago.
- Our facilities are cramped, crowded and insufficient.
- OCPL does NOT meet SC standards.
- Usage continues to rise: 60% of Oconee citizens have cards.
- Wifi/computer services are grossly inadequate with only 33 public computers.

Libraries provide visible commitment by the community to quality of life, programs and activities enriching all, traditional media as well as vital public access to internet information, a basic necessity to meet today's lifelong learning demands, and marketing tool for new businesses/residents

Oconee residents deserve a library system that enriches quality of life and offers tools to boost economic growth for all.

We urge you to list the OCPL project to be fully funded through the November referendum.

Please sign our petition urging the Capital Project Sales Tax Commission to list the fully funded Oconee County Public Library Project in the November referendum.

To: Oconee County Capital Project Sales Tax Commission:

Oconee's libraries, vital to our county's economic health and quality of life, need your urgent support.

- The last investment in facilities was 29 years ago.
- Our facilities are cramped, crowded and insufficient.
- OCPL does NOT meet SC standards.
- Usage continues to rise: 60% of Oconee citizens have cards.
- Wifi/computer services are grossly inadequate with only 33 public computers.

Libraries provide visible commitment by the community to quality of life, programs and activities enriching all, traditional media as well as vital public access to internet information, a basic necessity to meet today's lifelong learning demands, and marketing tool for new businesses/residents

Oconee residents deserve a library system that enriches quality of life and offers tools to boost economic growth for all.

We urge you to list the OCPL project to be fully funded through the November referendum.

To Whom it May Concern:

**RE: The Capital project sales tax referendum Tamasee-Salem Recreation Department is in the running for the November ballot. They are requesting funding for a Senior / Recreation Center to be located in the Town of Salem for the communities of Tamasee and Salem.**

This will give children a home base recreation facility and seniors a safe and convenient place to exercise, promoting wellness for all ages.

Please support this endeavor!

We are residents of Tamasee, and are retired. We have tried options of swimming in Clemson and even Senior Solutions in Seneca, but it is JUST TOO FAR to drive on a regular basis and TOO MUCH GAS... Many of us would love to be able to have a safe walking path and recreation area to enjoy exercise classes, dance classes, etc. close to home, for us, our children, and our grandchildren.

Sincerely,

Sarah & Lloyd Fulmer

**Subject:** Capital project for town Salem

This is Lane Duncan , Chairman of Salem recreation board, I attended a meeting a few week's ago on the capital projects that were proposed in Oconee county . I listened to Brad Norton speak on behalf of the town of Salem on two projects ,one with the water department and the other on the recreation complex. As a registered voter I strongly feel that both of these are in great need . The recreation complex will benefit everyone young and old . The recreation department has double since 2007 and it will continue to grow .It will be for the community as a whole which is in the estimate of 8000 people . Also the water project will be beneficial to not only the town but to the county . I feel that if the county should help the north end of the county as they do the south end. The town of Salem is only asking for a small piece of the pie. Thank you

Lane

**Subject:** Rec and Senior Center

I wanted to share with you and others how wonderful it is to hear the possibility of our kids and community getting a recreation center and senior center. I have lived in this community for 37 years, and this has been a great need here, even since my childhood. Now a registered voter with two children of my own, who are in the rec dept, I would love to see this happen. At the present, It can be very difficult for our kids to get practice time in the gym because we have to coordinate with so many teams, and with the limited use of the DAR gym. And with baseball, because of having to share use of the fields with the high school teams our kids do not even get to start practice till 7:00pm. As a parent of younger kids, I think that's tough. I also serve on the School Improvement Committee at the elementary school. As a parent advisor on that committee I feel that being able to start practices earlier, and get kids home earlier is best for keeping the home routine. And will help in keeping academics first. This center will not only benefit our kids, but our entire community. On almost any day you can drive down the main street of Salem and find numerous people walking on the sidewalks... People of all ages...because there is no walking track available in the area. No place to exercise. I also recently could have benefited from this directly. I had to have bilateral knee surgery and went thru several weeks of physical therapy after surgery. But even after that I need to just walk, and do minimal exercise. I wasn't able to walk on the sidewalks because of the incline. I needed flat level ground. I needed a track. Unfortunately, I had to use facility's in Easley arranged by my doctor, not at all convenient. I hope this project gets this time and consideration it, and our kids and community truly deserve! Thanks for your time. If you could please forward this to any decision making parties.
